

OHIOAN JAILED IN ITALY

CONVICTED OF MURDER
COLUMBUS—Henry Nitschke, charged with slaying Russell Crute, a street car conductor, in a holdup at the edge of the city, September 9, was found guilty in the first degree by a jury here this morning. The jury, which deliberated ten hours, recommended mercy.

COLD WAVE DUE
CHICAGO—The first real cold weather of the season is due for this part of the country today, together with flurries of snow, according to Henry J. Cox, weather forecaster. The cold weather which follows an exceptional heavy rainy season is expected to last for several days, Mr. Cox said.

COURT DEFIED
KANSAS CITY, Mo.—Altho union officials cited to appear had voted to ignore the proceedings, the Kansas court of industrial relations came to Kansas City, Kan., today to conduct an investigation of the packing industry from all angles with especial reference to conditions which might arise should the Kansas union members join the nation-wide packing strike scheduled to begin Monday morning.

BUILDING JUMPS
NEW YORK—Building contracts, awarded here during the first eleven months of the present year amounted to \$348,473,000, or ten per cent more than in the entire year of 1920, the F. W. Dodge Company, construction reporters, announced today. Sixty-five per cent was for residential building.

SHIPS COLLIDE
BELEAST—Three members of the Sinn Fein peace delegation bound for Dublin, had to return to England today when the steamer Cambria, on which they were traveling, collided with a schooner soon after leaving Holyhead, England. The schooner was sunk and three of her crew drowned. The Cambria returned to Holyhead damaged.

FARMER IS ROBBED AND THEN SHOT BY BANDITS

RICHMOND, Ky.—Police today are searching for the unidentified assailants of P. W. Wells, a Madison county farmer. The bandits seized Mr. Wells as he poured water into the radiator of their automobile last night. They carried him some distance, robbed and then shot him, the bullet hitting him at the base of the skull. He is in a serious condition at a hospital here.

ARBuckle's FATE UP TO ONE JUROR

SAN FRANCISCO—(By Associated Press)—Nothing remained of the Roscoe Arbuckle manslaughter trial today but a verdict, and, if that was adverse to him, a sentence. The fate of the comedian, accused of having caused the death of Virginia Rappe, motion picture actress, was given to the jury shortly after four o'clock yesterday afternoon. Rumors were current last night that the jury, composed of seven men and five women, stood eleven to one for acquittal, but no agreement had been reached at 11 o'clock and the debating ceased to permit the members to retire for the night. A throng that packed the court room and corridors outside in the hope of hearing the verdict, expressed disappointment when the jury was locked up for the night.

PRINCE'S PARROT DIES
LONDON—“Polly,” pet parrot of the prince of Wales, died at York House, St. James Palace. The parrot refused to eat after the prince's departure for India.

NEW TREND IN NAVY ROW HELD SECRET

WASHINGTON—(By Associated Press)—With latest developments in negotiations on the question of naval ratio for Japan represented by delegation spokesmen as justifying optimism, altho their nature was a closely guarded secret, the whole matter was expected to remain at a standstill today while Baron Kato communicated further on the situation with Tokio. What new phase the negotiations may have entered as the result of the extended discussion of the ratio question at the conference of the naval “big three” yesterday, still was a matter only of speculation today. The conferees—Secretary Hughes, Baron Kato and Arthur J. Balfour—as well as the spokesmen for their respective delegations, continued to maintain silence as to what new trend the discussions may have taken, altho the situation was reported as having been brought to a favorable stage by the meeting. In resuming discussion of the question of withdrawing foreign troops stationed in China, there was some probability that the Far Eastern Committee today would adopt a broadly drawn declaration of general policy on that request of the schedule.

RECORD IN ONE FAMILY
LONDON—The golden wedding anniversary of Mr. and Mrs. William Morris at Westbury-on-Tyeme marks the fourth celebration of this kind in the same family. Mrs. Morris was Emily Cadie, fourth in direct line of Cadies who celebrated their 50th wedding anniversary.

GIRL'S PLAN TO WED 17th MATE FOILED BY U. S.

CHICAGO—(By Associated Press)—Federal agents broke up Mrs. Drexler's matrimonial government allotment plan just as she was making plans to marry her seventh husband in three years, according to her story today to Captain Thomas I. Porter of the secret service. By listing as the son of each husband, the little boy born from her second experience in matrimony, she added \$5 a month extra to the flood of allotment checks she received from the government, she said. Federal officials calculated she had received \$300 a month. “I was working in Boston when I met Wilfrid Taylor,” she related. “The draft got him and soon after landing in France he was killed.” Mrs. Drexler's brother also was killed in action overseas. Her little boy is Wilfrid Taylor's son. “I had to go to work or get married, so I got married. Several months afterward my husband joined the navy, so I got two allotment checks. John Kelly of the Brooklyn navy yards was the next. I left him and married another sailor. “Dear me, I can't remember all the names. Finally I came to Chicago and married three sailors in quick succession. Albert Drexler, a Camp Grant soldier, was the sixteenth. I had a sailor picked out for the next, but your agents arrested me.”

AUTHORESS IS SOLDIER
CONSTANTINOPLE—Halide Edib Hanem, Turkey's woman novelist, has been awarded the rank of corporal by Kemal, Turk leader in Asia Minor, for having handled a rifle in the recent fighting against the Greeks. She is the pioneer of the feminist movement in Islam.

C. W. MORSE BARRED BY PARIS ORDER

PARIS—(By Associated Press)—The French ministry of the interior today issued an order denying Charles W. Morse the right to land in France and requiring him to return to the United States on the first available steamer, which would be the Paris, sailing Monday from Havre. Issuance of this order was confirmed in a letter from the French foreign office to the American embassy. The interior department has the right to refuse entry to any foreigner whom it judges undesirable. The embassy cabled the Washington authorities that in view of the interior department's action, Mr. Morse could be expected to arrive at New York aboard the Paris on that liner's next trip. **MORSE ASKS DELAY**
HAVRE—(By Associated Press)—Charles W. Morse, American financier, cabled Attorney General Daugherty today, asking permission to delay his departure for the United States until the sailing of the steamship George Washington on January 5. Mr. Morse was detained by the French authorities on his arrival here yesterday morning at the request of the American consulate. Mr. Morse was indicted May 3, 1920, on a charge that thru an agent, he had sold the steamer John G. McCullough to the government of Tunis in violation of the law prohibiting sale of a ship registered under the American laws to any one not a citizen of the United States without the shipping board's permission.

JACKSONBURG MAN JAILED ON MURDER CHARGE

HAMILTON—Charles Weaver, 50, was in jail here today on a first degree murder charge following the death of Odie Wright, 68, of a gunshot wound last night. Both were bachelors and lived together near the homestead of former Governor James M. Cox, Jacksonburg, Sheriff Laubach was told the men had an argument.

IRISH PEACE OR WAR UP TO THE DAIL

DUBLIN—(By Associated Press)—Members of the Dail Eireann cabinet assembled today to consider the British government's latest proposals for an Irish peace settlement. There is little optimism as to its decision, and the Sinn Fein peace delegates are reported as believing the revised terms will be unacceptable to Eamon de Valera and his advisers. The exact nature of the proposals is not known, but they are said to be based on an all-Ireland parliamentary government, one of the strong points for which the Sinn Fein has been holding out. One version of the new terms is that they deal with the Sinn Fein's objection to swearing allegiance to the crown by providing that allegiance be sworn to the Irish free state, the commonwealth of nations known as the British empire, and to the king as head of that community of nations.

ACCUSED IN MURDER OF DAN KABER

CLEVELAND—(By Associated Press)—Vittoria Pisselli, who is said to have stabbed to death Daniel Kaber, wealthy Lakewood publisher, two years ago, has been captured in Ripahmosani, Italy, according to word received here from two Cleveland detectives. He is being held there pending word from the Italian ambassador at Washington. Assistant County Prosecutor Walter I. Krowson is enroute today to Washington to present the facts to the ambassador. As there is no extradition treaty between the United States and Italy, for capital offenses, Pisselli probably will be tried in that country. In that event the detectives will remain there and testify against him. In four other instances recently, Italy has refused to send murderers back to this country. Pisselli is the last of six alleged conspirators in the Kaber murder plot to be arrested. According to an alleged confession of Salvatore Cala, who is serving a life term for implication in the plot, Pisselli stabbed Kaber while Cala held the victim. They were to have been paid \$5,000 by Mrs. Eva Catherine Kaber, the slain man's widow, who also was convicted and sentenced to life imprisonment. Besides Mrs. Kaber and Cala, two others have been tried for the murder of Kaber, which occurred as the invalid slept in his Lakewood home. Miss Marian McArdle, daughter of Mrs. Kaber, and Mrs. Emma Colavito were acquitted of the charge. Mrs. Mary Brickel, 70-year-old mother of Mrs. Kaber, is awaiting trial.

Lima Tire and Supply Company Opens New Direct Factory Branch for Sales and Service on Firestone Tires, 404 406 408 S. Elizabeth St.

New Company Owned Entirely By Lima Men and Lima Capital

Largest Supply of Tires in City of Lima or Vicinity

IMMENSE HYDRAULIC PRESS

Special Attention Given to Sale and Care of Truck Tires

Like any great enterprise that leaps into a field of opportunity, the Lima Tire and Supply Company was recently organized and incorporated and now has one of the largest and most efficient tire and supply houses in this section of the country, located at 404-6-8 South Elizabeth-st. It is owned entirely by Lima capital.

This company has the official direct factory representation for FIRESTONE tires and tubes in Lima and vicinity.

R. A. Conroy is president and general manager; W. A. Pflaum, secretary and treasurer; and F. E. Downing, vice-president.

Mr. Conroy has been associated in executive capacities with the automotive and tire industry for the past eight years. Starting eight years ago with the Ford Motor Company, he did field work for Ford direct from the factory, remaining with the company until four years ago. At that time he went with Lomont & Company, wholesale dealers in auto parts and tires. He was in direct charge of the tire department of the Lomont company with headquarters in Lima until the organization of

Firestone

fire, regardless of the make or price.

“FIRESTONE Fabric tires first proved themselves to motorists and the solidity they added to Firestone prestige has been enhanced through the advent of the FIRESTONE CORD TIRE.

“Users of heavy and medium weight cars have come to recognize Firestone Cord tires as holding forth a new standard of mileage value and thus the popularity of FIRESTONE Fabric Tires is re-emphasized by the widespread endorsement given the FIRESTONE Cord tires.

“Wherever there are travelable roads you will find the trail of the motor car, and there also will be found the trail of the Firestone tire.”

While neither Mr. Pflaum nor Mr. Conroy would make a statement as to their expert knowledge

FIRESTONE TIRES have set a standard by which to measure any with the automobile industry and of the tire industry, it might be added that both are thoroughly familiar with the giant pneumatic, solid and cushion truck tire conditions in and about Lima.

They invite the operators and owners of trucks to visit their plant and consult them on any tire problems that might arise.

“If you are not getting enough mileage out of your tires, there is something wrong somewhere,” said Mr. Conroy. “It is our business to help you get more mileage. If we can do you any good, we will gladly give you all the assistance and cooperation that is in our power.

“There are certain conditions that every truck owner or operator should know.

“Correct size, style, quality and general suitability of the tire equipment is quite as necessary to low cost operation as selecting a truck of special design, speed and carry in capacity. The cost of hauling per ton mile can be determined by a close check on maintenance and depreciation.

“Perhaps more is expected from the tires than any other part of the truck; yet often, they are given the least consideration.

“Reasonable study and control with reference to loads carried, speed, frequency of stopping and starting, and road conditions will keep the operation cost at a minimum.

“Quality alone, whether it pertains to tires or truck, will not insure the best showing, but a combination of quality and proper care will result in maximum service at a minimum cost of upkeep.

“We maintain a Service Department for the express purpose of studying conditions. We urge the tire using public to feel welcome at any time to consult our service specialists.”

The Lima Tire and Supply Company has opened a real service station—a service specializing in tire troubles alone so that patrons may have high class, efficient attention. This service takes in every phase of the tire business, from carrying a stock large enough to meet every need, all sizes of tires and tubes, to taking care of damaged tires.

The Lima Firestone branch has one of the largest display rooms and service stations in this section. The first room, 404 South Elizabeth-st is devoted exclusively to displaying Firestone tires and tubes. The adjoining room carries the tremendous stock and is also used as a shipping department. The third room is the drive-in service station, where care is immediately taken of truck tire and passenger tire troubles.

Equipment is now being installed in the service department. Among the features of interest to truck owners is the mighty 300 ton hydraulic press. It is the largest of its kind in the city and assures efficient solid tire service either day or night.

“It certainly gives us great pleasure,” said Manager Conroy, “to state that The Lima Tire and Supply Company is owned entirely by Lima capital. It is a Lima institution first, last and all the time.”

All auto owners, truck owners and drivers are invited to inspect the new show rooms and operating plant.

\$1,250,000 TO BE PUT IN BRIDGES

Free Structure Will Replace Ohio's Only Toll Span

COLUMBUS — (By Associated Press) — Ohio's only toll bridge, that on the Buffalo-Chicago road at the entrance to Conneaut, is destined to pass into history in the near future, along with similar bridges of earlier time, according to State highway Commissioner Herrick.

At a conference today between the county commissioners of Ashtabula and Commissioner Herrick plans for constructing a new free bridge at Conneaut and also at Ashtabula were tentatively approved. The two projects will cost approximately \$1,250,000, Mr. Herrick said.

The plan agreed upon is for the county to raise half the funds and the state with the aid of federal money to supply the other half.

Mr. Herrick said that it is probable that only the Conneaut bridge will be built next summer as the federal department probably will object to furnishing so much money in one year for the two projects. The federal department, he said, has tentatively approved the Conneaut project.

The two bridges are each approximately 1500 feet long. The Conneaut bridge is to be located about 600 or 700 feet north of the present location and the one at Ashtabula, some distance from its present location, in order, Mr. Herrick said, to permit traffic to go straight thru the city without necessitating numerous turns as at present.

UNEMPLOYMENT AFFORDS MEN MORE TIME TO WAIT FOR TURN IN BARBER SHOP

Unemployment and haircuts! "What has unemployment to do with haircuts?" was the query asked Friday.

"Just this," replied several barbers, "that men are now waiting longer in the shops for the 'you're next' call than formerly."

"The reason for this is that the large numbers of unemployed, not being governed by working hours, may go to the barber shop at any time of the day. Their time is at their own and consequently there is usually a large number on the waiting lists at all times of the day. Whereas, when men are working, they generally have their hair done on Saturdays, or after working hours."

DECEMBER TAX PAYMENT; BIG INCREASE IS SHOWN

Taxes in double the amount paid up to this time last year, has been received on the December installment to date, according to Harry E. Botkins, county treasurer, whose announcement has not been made that the books were open and ready for the collection, the treasurer said Saturday.

"A total of \$20,000 has been paid," Botkins asserted, "which indicates to me that money conditions are becoming easier. We have had good response thus far and the taxpayers who would avoid a late minute rush and consequent delay due to so many coming in at the same time, should arrange to take care of their tax payments as soon as possible," Botkins said.

DAUGHTER REASSURED IN FATHER'S INJURY

Roy E. Spees, 47, of 10 Euclid-ave, engineer on the Lake Erie & Western railroad, had several ribs broken and sustained possible internal injuries when his train collided with a New York Central yard engine at a railroad cross-over in Fremont, late Friday.

Spees was removed to a hospital in Fremont. Information from that city is to the effect he will be brought to his home in Lima Saturday, in event his condition will permit.

Spees resides with Mr. and Mrs. V. G. Dickense, 110 Euclid-ave. A telegram sent by railroad officials to his daughter, Marie, 14, who resides with her father, assured her that her father injuries are not of a serious nature.

TWO MEN UNDER LIQUOR CHARGES SECURE BOND

Joe J. Janski, bartender and "Doc" Dorr, soft drink saloonist arrested on a liquor charge Thursday night, obtained bond Saturday and were released from jail.

Bond was set in criminal court Friday at \$1,000 each by Judge Emmett J. Jackson.

JUDGMENT FOR \$30 IS TAKEN UP ON APPEAL

Mrs. William Batloy has appealed to common pleas court the case wherein Harold Smith secured judgment for \$30 against herself and husband in the court of William H. Gayton, justice of the peace. The amount asked is for labor by Smith in painting an automobile.

FUNERAL OF MRS. TROXEL AT BEAVERDAM, MONDAY

Mrs. Sarah Ann Troxel, 66, died at the home of her daughter, Mrs. Julia Crites, Belmont addition, Friday. Death was due to age and complications. She is survived by six sons and the daughter.

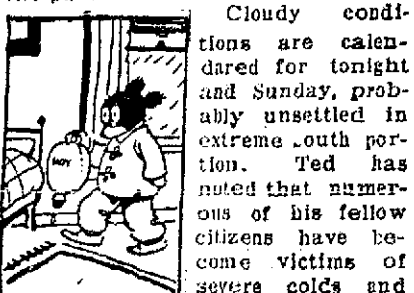

Funeral services will be held Monday from the Disciple church, Beaverdam. Interment will be in Beaverdam cemetery.

MARRIAGE LICENSES

Irwin Carl Evans, 21, salesman, 763 Bellefontaine-ave, and Mrs. Dean Boda, 23, clerk, 1123 Hill-st. Roy Melvin Black, 21, laborer, and Miss Jessie Belle Nulph, 20, both of 267 E. McKibben-st. Darrell James McGinnis, 26, truck driver, 840 W. Wayne-st, and Miss Florence Irene Roush, 20, Kalb-ay.

WEATHERMAN IS GLOOMY

NOT a lot of change in the temperature is the word heralded Saturday by the weather manipulator, for the benefit of an unsuspecting and generally indifferently public.

Cloudy conditions are calculated for tonight and Sunday, probably unsettled in extreme south portion.

Ted has noted that numerous cases of his fellow citizens have become victims of severe colds and near pneumonia as a result of temperature conditions and isn't taking any chances.

Prediction of snow for Friday failed to materialize — so you could notice it, but the forecast was justified in his deduction as all "symptoms" indicated a snow blanket was on the way.

Medicine hat continues to rule the weather roost.

SOLICITING SLOW, BUT FACTORY FUND ASSURED, C. C. HEADS DECLARE

"Altho several of the soliciting committees have been lax in getting returns on the \$12,000 building site fund needed to purchase ground for the Lima Woolen Mills, Inc., there is not the slightest danger that Lima will lose the plant," declared chamber of commerce officials Saturday, after it had been asserted the concern might seek other fields.

J. Norman Claypoole, part owner of the \$200,000 concern, has established his residence in Lima and will promote the immediate breaking of ground and erection of temporary buildings to house supplies, it was announced Saturday.

The drive for the \$12,000 fund needed has moved somewhat slowly, it was said, but there has never been any immediate danger that it would not be subscribed, chamber of commerce heads said.

ELKS' ANNUAL LODGE OF SORROW, SUNDAY

Hon. Edward Welsh, Cleveland, will deliver the memorial address at the Elks Annual Lodge of Sorrow, to be conducted at the lodge home here Sunday afternoon at 3 o'clock, in memory of 166 members of Lima lodge No. 54, who have passed away.

Bishop Robert L. Harris of the Episcopal church of northern Michigan, will give an address, "The Good of the Order." There will be appropriate musical program.

Committee arranging the program comprises Nelson Shook, J. Allen Brady, J. C. Sweeney, M. J. Mooney and Fred Calvert.

An invitation is extended to all Elks, their families and friends.

KAMERER APPEALS SUIT LOST IN LOWER COURT

H. M. Kamerer has appealed to common pleas court the suit he lost in the court of William H. Gayton, Justice of the peace, against D. R. Anspaugh, operating the Lima Auto laundry.

Kamerer sued for damages amounting to \$162.16, charging he was forced to pay out this amount of money because of failure of the auto laundry to properly repair his car. Kamerer charged an explosion damaged the motor of his car as a result of negligence on the part of the auto laundry.

RABBIT HUNTER KILLS 15-POUND RED FOX

Paul R. Martz, son of John Martz, West Cairo R. D. 1, while hunting rabbits Saturday morning, near his home, shot and killed a red fox, weighing 15 pounds. This species of animal is becoming very scarce in this part of the country, old hunters state.

MERCHANTS TO DECIDE ON DEC. 26 CLOSING

Question of whether Lima merchants will close their stores December 26, the Monday after Christmas, will be decided at a meeting of the board of directors of the Lima Merchants' association, Tuesday.

It is customary to observe the day Monday when a holiday falls on Sunday, but whether this rule will prevail this year is undecided by local merchants.

WILL STRIKE MONDAY CINCINNATI Union plumbers in Cincinnati today notified their employers that they would go on strike Monday morning.

The plumbers' union is a party to the Cincinnati wage board agreement of the building industries, which recently expelled the steam fitters and lathers' unions for striking.

SECTION WORKERS ON FORD'S ROAD LAID OFF

SPRINGFIELD — Section men and other workers on Henry Ford's D. T. & I. railroad began a month's vacation without pay today.

The 150 men laid off were from different departments, but the largest class was 95 section men, between Napoleon and Jackson. In addition 25 shopmen were reported laid off at Jackson.

The reasons for the vacations were given as a slump in the coal trade and the between-season drop in automobile shipments.

STORM GOOD TO FISH LONDON — Recent storms along the coast have led to an abnormal shortage in fish. Fishing fleets have been unable to put to sea and prices have jumped 100 per cent in a week.

DANCE TONIGHT MOOSE HALL, S. W. COR. MAIN & SPRING STS.

BLAZE A DAY IN NOVEMBER

Total Fire Loss in Lima for Month is \$125

During the month of November the Lima Fire department answered an alarm on an average of once each day, or thirty fires during the 30 day period, records of the department show.

The average fire loss for the 30 calls is \$4.16, or a total of \$125.

Electric light and phone wires were the cause of more than a third of the alarms.

Eight fires had their origin in burning chimneys. Three fires of unknown incendiary origin occurred during the month. Other fires were caused from lighting, boiling tar and carelessness.

Fire loss for November is very low, according to Chief John Mack. He attributes the small loss to prompt work of his men in reaching the scene of fires promptly and to increased precaution on the part of the public.

MOTION PICTURES AT MEMORIAL HALL SHOW HORRORS OF ARMENIA

The strange mishaps of "Alice in Wonderland" are known to almost everybody who can remember when he was a youngster. But in "Alice in Wonderland," there is no Mad Hatter and no March Hare to add to the gaiety of nations. Want, poverty and hopelessness are in evidence with the splendid spirit of America as the guiding light from the difficulty.

The motion picture, which deals with conditions in Armenia and the Near East will be shown at Memorial Hall Sunday afternoon at 2:30, under the auspices of the Y. M. C. A.

Another big attraction will be the presence of Dr. E. W. Huelster of Cleveland, state director of the Ohio Division of the Near East relief who recently returned from Armenia and has first hand information concerning the terrible conditions over there. Only official pictures will be shown.

A male quartet consisting of G. M. Baumgardner, Carl Nelsvaner, A. A. Jones and S. C. Biddle will furnish music.

Dr. J. E. Dexter will preside at the meeting. Every man and woman in Lima is invited to be present.

HEARING ON ROUSH PETITION, TUESDAY

Hearing on the application for an injunction sought by O. J. Roush, suspended chief of police, was set for Tuesday, December 6 in the common pleas court at 9 a. m., by Judge Fred C. Becker.

It was stated Saturday that if Roush is successful in obtaining a restraining order from the court, he can resume his office and can collect full pay from the date of suspension.

M. F. Dawson, appointed to fill the vacancy created by Roush's suspension, can draw pay as chief commencing November 22.

A demurrer to the petition was filed by the city late Friday.

O. E. EARNINGS GAIN, RECEIVER REPORT SHOWS

Earnings of the Ohio Electric Railway company have made a substantial increase during the present year over 1920, the report of the receiver filed in federal court at Toledo Saturday shows.

Earnings for the first ten months of 1921 were \$416,705 and \$362,455 for the same period in 1920.

HOLL REAPPOINTED WAPAKONETA — Governor Harry L. Davis has announced the reappointment of former State Senator George W. Holl of New Knoxville, as a member of the state Americanization board.

SHERMAN PART OF HISTORY NOW

CHILLICOTHE — (By Associated Press) — Camp Sherman, known to thousands of Ohio's young men who trained for world war service there, has passed into history. Future designation of the vast cantonment will be "Vocational Training School Number 1."

Beginning Monday morning, 300 disabled service men will start to rebuild their careers by studying one of a number of offered vocations which later will enable them to obtain employment.

The first 300 student soldiers arrived at the school yesterday and were welcomed by Colonel C. R. Forbes of the Veterans' Bureau; Colonel C. J. Symmonds, president of the school, and Charles L. Darlington, state commander of the American Legion.

RED CROSS AID IS EXTENDED TO MANY

The Home Service section of the Allen-co chapter, American Red Cross, cared for 136 cases during November, according to the monthly report issued Saturday.

Actual services were given in 119 cases and information and advice to 17. Thirteen claims for compensation were heard and applications were filed in the Home Service office, Mrs. Irene Mills Jackson, secretary, said Saturday.

Three applications by ex-service men for the Michigan bonus were executed and papers forwarded to the adjutant general of that state; six ex-service men were aided in filing out applications for certificates in lieu of discharges lost or destroyed; eight certified copies of discharges were made for ex-service men and two discharged were sent from the Home Service office to be corrected. There were 187 office interviews, 55 letters were written and five telegrams were sent in regard to claims of ex-service men for compensation, hospitalization and other requirements.

Transportation from Lima to Detroit was furnished one ex-service man and his family. Clothing, and shoes and food were provided in several instances for other ex-service men needing aid, Mrs. Jackson said.

Children Cry for Fletcher's Castoria.

Why Castoria?

YEARS ago Castor Oil, Paregoric, Drops and Soothing Syrup were the remedies in common use for Infants and Children; Castor Oil so nauseating as to be almost impossible and the others all containing Opium in one form or another, but so disguised as to make them pleasant to the taste, yet really to stupefy the child and give the appearance of relief from pain.

It required years of research to find a purely vegetable combination that would take the place of these disagreeable, unpleasant and vicious remedies that from habit had become almost universal. This was the notion at the time and the reason for the introduction of Fletcher's Castoria, and over 30 years it has proven its worth, received the praise of Physicians everywhere and become a household word among mothers.

A remedy ESPECIALLY prepared for Infants and Children and a mother would think of giving to her baby a remedy that the world use for herself, without consulting a physician.

Children Cry for Fletcher's Castoria.

SATURDAY SEES CLIMAX OF "SHOP EARLY" PLAN

Saturday witnessed the biggest single shopping day of the Shop Early Christmas campaign.

Hundreds of people from outside the city were in Lima early in the day, participating with Lima shoppers in a gala event of holiday shopping in downtown stores.

Christmas Display Week has proven a big success. It will become a regular feature of December merchandising in Lima as a result of the satisfaction arising among both merchants and shoppers from this year's experience, it was said Saturday.

Lima merchants and shoppers have co-operated splendidly in the one big idea of getting it done early this year and the results have been more than gratifying," J. E. Morton, secretary of the association, said Saturday.

TO OPEN NEW BUSINESS Mrs. E. Atwood, Chicago, has leased a room in the Herbst building, 117 1-2 N. Elizabeth-st. and announces she will open a fashionable dress making establishment the coming week.

GLOOMY DAYS ADD TO LIGHT BILLS

O. E. Official Explains When Patrons Kick

An unusually gloomy period of weather during November is the direct cause of soaring light bills, according to officials of the Ohio Electric company.

Householders who compared their November bills with the cost of lighting their homes in October, were surprised at the increase. A number were under the impression that an increase in electric light rates had been placed in effect.

"Patrons of the company," said C. W. Randolph, chief clerk, "who sometimes receive a big bill will find that it is for more than a month. Sometimes the meter reading is for as much as a month and a half and at other times for less than a month."

"The company endeavors to have all meters read on the 10th of the month, but it is sometimes impossible to complete the job until perhaps the 25th of the month. This makes some of readings for more than 30 days. The consumer looks at the price and not the time and becomes incensed accordingly."

"November," Randolph stated, "was a gloomy month, in contrast with October, which was bright and sunny. It naturally caused the public to consume more current."

HAD KIDNEY TROUBLE TEN YEARS
Don't give up hope if you are suffering from backache, rheumatic pains, stiff swollen joints, always tired feeling, pains in groin and muscles or other symptoms of kidney trouble. J. T. O'Connor, R. F. D. No. 1, Lucasville, O., writes: "I had kidney trouble for 10 years. I tried all kinds of kidney remedies but they did me no good. I took a bottle of Foley's Kidney Pills and they helped me so much I am well now."—Chas. J. Vorkamp, Main and McKibben-sts.—Adv.

No Matter Your Walk of Life or Financial Circumstances--- You Cannot Afford to Overlook This Great Offer The News Is Making to Procure a \$1000 Travel Accident Insurance Policy

for Every Registered Reader of The Lima News

Every Man or Woman Resident of Ohio from 16 to 70---In or Out of Lima---Is Eligible---No Physical Examination Necessary

RICH OR POOR, financier or laborer, white or colored, no one knows when he or she may be the victim of a traffic accident. Every active person, regardless of how careful he may be, is endangered by the carelessness of others every time he walks across the street, rides on a train, street car, interurban car, taxi-cab or private conveyance.

THEREFORE, whether you already carry accident insurance or not, you cannot afford to pass by this opportunity which The News is offering, to secure a policy in the reliable 36-year-old North American Insurance Co., of Chicago, protecting you up to the sum of \$1000 for loss of life in travel accident—for the slight sum of 75 cents a year.

This Offer Is Made by The News,---Not as a 30 or 60 Day Subscription Scheme,---but as an Everyday Protection Service to its Registered Subscribers.---Old or New

No Increase in Subscription Rates

You are not asked to pay a year in advance (unless you are a mail subscriber). Simply register your intention to read The News regularly, and pay your carrier the regular subscription rates each week. This registration entitles you to secure this unusual protection for 75 cents a year. Surely every reader will quickly see the benefits of this unusual service.

Hundreds Are Registering Daily--- Don't Put It Off or "Think It Over"

Within 24 hours after application you will receive your policy. R. F. Corcoran, Circulation Manager of The News, is the agent for this policy of The North American Insurance Co. Through him all claims will be equitably and speedily adjusted.

Sign the Registration Blank NOW and Bring or Mail to The News

Whole Family May Be Insured-- Only One Subscription Necessary

Every member of the family from 16 to 70 years of age is eligible for this insurance. However, it is unnecessary for each member to be a subscriber. One subscription to a home entitles every one in that home to make application, but each must pay 75 cents for his or her policy and each must make application on separate coupon, which may be obtained at The News office.

Order and Registration Form of the Lima News Insurance Subscription

Lima, Ohio 1921.

Lima News Age

Age Occupation

Are you at present a subscriber

Old subscribers as well as new may have this insurance. If you are at present a subscriber to The Lima News, please so state. Present subscribers are entitled to all the advantages of the Travel and Pedestrian Accident Insurance Plan as well as the new subscribers, but all old and new subscribers must send in this registration blank.

If you are a mail subscriber or want the paper by mail enclose money order covering one year paid in advance subscription at the regular mail rate, plus 75 cents, for the Policy.

Detailed Schedule of Indemnities

(Reprinted from Policy)

The North American Accident Insurance Company will pay through The Lima News the following amounts, subject to the terms of the policy, for death or injuries on a public carrier, due to the wrecking or disablement, while the insured is riding on it as a fare-paying passenger, or due to the wrecking or disablement of any private horse-drawn or motor-driven vehicle in which the insured may be riding or driving or being thrown herefrom, or from loss of life by being struck or knocked down or run over while walking or standing on a public highway:

FOR LOSS OF--

Life (in Travel) \$1000

Both Hands \$1000

Both Feet \$1000

Sight of Both Eyes \$1000

One Hand and One Foot \$1000

One Hand and Sight of one Eye \$1000

One Foot and Sight of one Eye \$1000

Either Hand \$ 500

Either Foot \$ 500

Sight of Either Eye \$ 500

For disability, due to Public or Private Conveyance Accident, thirteen weeks or less, \$10 a week.

\$250.00 for loss of life by being struck or knocked down or run over while walking or standing on a public highway.

Identification Feature

If the insured shall by reason of injury or illness during the time his policy is in force shall be physically unable to communicate with his friends, the company will, upon receipt of any message giving his policy number, immediately transmit to the relatives or friends of the insured any information respecting him and will defray all expenses necessary to put the insured in the care of friends but the company's liability therefor shall not exceed the sum of \$100.00.

Age limit is 16 to 70 years of age.

\$1,250,000 TO BE PUT IN BRIDGES

Free Structure Will Replace Ohio's Only Toll Span

COLUMBUS — (By Associated Press) — Ohio's only toll bridge, that on the Buffalo-Chicago road at the entrance to Conneaut, is destined to pass into history in the near future, along with similar bridges of earlier time, according to State highway Commissioner Herrick.

At a conference today between the county commissioners of Ashland, Cuyahoga and Lorain counties, and Commissioner Herrick, plans for constructing a new toll-free bridge at Conneaut and also at Ashland were tentatively approved. The two projects will cost approximately \$1,250,000, Mr. Herrick said.

The plan agreed upon is for the county to raise half the fund, and the state to supply the other half.

Mr. Herrick said that it is possible that only the Conneaut bridge will be built next summer as the federal department probably will object to furnishing so much money in one year for the two projects. The federal department, he said, has tentatively approved the Conneaut project.

The two bridges are each approximately 1600 feet long. The Conneaut bridge is to be located about 600 or 700 feet north of the present location and the one at Ashland, some distance from its present location, in order, Mr. Herrick said, to permit traffic to go straight thru the city without necessitating numerous turns as at present.

UNEMPLOYMENT AFFORDS MEN MORE TIME TO WAIT FOR TURN IN BARBER SHOP

Unemployment and haircuts! "What has unemployment to do with haircuts?" was the query asked Friday.

"Just this," replied several barbers, "that men are now waiting longer in the shops for the 'you're next' call than formerly."

"The reason for this is that the large numbers of unemployed, not being governed by working hours, may go to the barber shop at any time of the day. Their time is their own and consequently there is usually a large number of the waiting lists at all times of the day. Where, as, when men are working, they generally have their barbering done on Saturdays, or after working hours."

DECEMBER TAX PAYMENT; BIG INCREASE IS SHOWN

Taxes in double the amount paid up to this time last year, has been received on the December installment to date, according to Harry E. Botkins, county treasurer, who announced that he has not been able to get the books open and ready for the collection, the treasurer said Saturday.

"A total of \$20,000 has been paid," Botkins asserted, "which indicates to me that money conditions are becoming easier. We have had good response thus far and the taxpayers who would avoid a last minute rush and consequent delay due to so many coming in at the same time, should arrange to take care of their tax payments as soon as possible," Botkins said.

DAUGHTER REASSURED IN FATHER'S INJURY

Roy E. Spees, 47, of 10 Euclid-ave, engineer on the Lake Erie & Western railroad, had several ribs broken and sustained possible internal injuries when his train collided with a New York Central yard engine at railroad cross-over in Fremont, late Friday.

Spees was removed to a hospital in Fremont. Information from that city is to the effect he will be brought to his home in Lima Saturday, in event his condition will permit.

Spees resides with Mr. and Mrs. V. G. Dickensees, 110 Euclid-ave. A telegram sent by railroad officials to his daughter, Marie, 14, who resides with her father, assured her that her father's injuries are not of a serious nature.

TWO MEN UNDER LIQUOR CHARGES SECURE BOND

Joe J. Janski, bartender and "Doc" Dorr, soft drink saloonist, arrested on a liquor charge Thursday night, obtained bond Saturday and were released from jail.

Bond was set in criminal court Friday at \$1,000 each by Judge Emmett J. Jackson.

JUDGMENT FOR \$30 IS TAKEN UP ON APPEAL

Mrs. William Bailey has appealed to common pleas court the case wherein Harold Smith secured judgment for \$30 against herself and husband in the court of William H. Guyton, justice of the peace. The amount asked is for labor by Smith in painting an automobile.

FUNERAL OF MRS. TROXEL AT BEAVERDAM MONDAY

Mrs. Sarah Ann Troxel, 86, died at the home of her daughter, Mrs. Julia Crites, Belmont addition, Friday. Death was due to age and complications. She is survived by six sons and the daughter.

Funeral services will be held Monday from the Disciple church, Beaverdam. Interment will be in Beaverdam cemetery.

MARRIAGE LICENCES

Irwin Carl Evans, 21, salesman, 763 Bellefontaine-ave, and Mrs. Dean Boda, 23, clerk, 1129 Hill-st. Roy Melvin Black, 21, laborer, and Miss Jessie Belle Nulph, 20, both of 267 E. McKibben-st. Darrell James McGinnis, 26, truck driver, 510 W. Wayne-st, and Miss Florence Irene Roush, 20, Kalb-av.

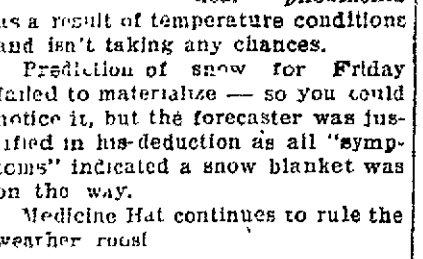

WEATHERMAN IS GLOOMY

NOT a lot of change in the temperature is the word heard Saturday by the weather manipulator, for the benefit of an unsuspecting and generally indifferently public.

Cloudy conditions are calculated for tonight and Sunday, probably unsettled in extreme south portion. Ted has noted that numerous of his fellow citizens have become victims of severe colds and near pneumonia as a result of temperature conditions and isn't taking any chances.

Prediction of snow for Friday failed to materialize — so you could notice it, but the forecast was justified in his deduction as all "symptoms" indicated a snow blanket was on the way.

Medicine hat continues to rule the weather man.

SOLICITING SLOW, BUT FACTORY FUND ASSURED, C. C. HEADS DECLARE

"Altho several of the soliciting committees have been lax in getting returns on the \$12,000 building site fund needed to purchase ground for the Lima Woolen Mills, Inc., there is not the slightest danger that Lima will lose the plant," declared chamber of commerce officials Saturday, after it had been asserted the concern might seek other fields.

J. Norman Claypoole, part owner of the \$200,000 concern, has established his residence in Lima and will promote the immediate breaking of ground and erection of temporary buildings to house supplies, it was announced Saturday.

The drive for the \$12,000 fund needed has moved somewhat slowly, it was said, but there has never been any immediate danger that it would not be subscribed, chamber of commerce heads said.

ELKS' ANNUAL LODGE OF SORROW, SUNDAY

Hon. Edward Welsh, Cleveland, will deliver the memorial address at the Elks Annual Lodge of Sorrow, to be conducted at the lodge home here Sunday afternoon at 3 o'clock, in memory of 166 members of Lima lodge No. 54, who have passed away.

BISHOP ROBERT L. HARRIS OF THE EPISCOPAL CHURCH OF NORTHERN MICHIGAN, WILL GIVE AN ADDRESS, "THE GOOD OF THE ORDER," THERE WILL BE APPROPRIATE MUSICAL PROGRAM.

Committee arranging the program comprises Nelson, Shook, J. Allen Brady, J. C. Sweeney, M. J. Mooney and Fred Calvert.

An invitation is extended to all Elks, their families and friends.

KAMERER APPEALS SUIT LOST IN LOWER COURT

H. M. Kamerer has appealed to common pleas court the suit he lost in the court of William H. Guyton, Justice of the peace, against D. R. Ausbaugh, operating the Lima Auto Laundry.

Kamerer sued for damages amounting to \$162.16, charging he was forced to pay out this amount of money because of failure of the auto laundry to properly repair his car. Kamerer charged an explosion damaged the motor of his car as a result of negligence on the part of the auto laundry.

RABBIT HUNTER KILLS 15-POUND RED FOX

Paul R. Martz, son of John Martz, West Cairo R. D. 1, while hunting rabbits Saturday morning, near his home, shot and killed a red fox, weighing 15 pounds. This species of animal is becoming very scarce in this part of the country, old hunters state.

MERCHANTS TO DECIDE ON DEC. 26 CLOSING

Question of whether Lima merchants will close their stores December 26, the Monday after Christmas, will be decided at a meeting of the board of directors of the Lima Merchants' association, Tuesday.

It is customary to observe the day Monday when a holiday falls on Sunday, but whether this rule will prevail this year is undecided by local merchants.

WILL STRIKE MONDAY CINCINNATI—Union plumbers in Cincinnati today notified their employers that they would go on strike Monday morning.

The plumbers' union is a party to the Cincinnati wage board agreement of the building industries, which recently expelled the steam fitters and lathers' unions for striking.

SECTION WORKERS ON FORD'S ROAD LAID OFF

SPRINGFIELD—Section men and other workers on Henry Ford's D. T. & I. railroad began a month's vacation without pay today.

The 150 men laid off were from different departments, but the largest class was 95 section men, between Napoleon and Jackson. In addition 25 shopmen were reported laid off at Jackson.

The reasons for the vacations were given as a slump in the coal trade and the between-season drop in automobile shipments.

STORM GOOD TO FISH LONDON—Recent storms along the coast have led to an abnormal shortage in fish. Fishing fleets have been unable to put to sea and prices have jumped 100 per cent in a week.

BLAZE A DAY IN NOVEMBER

Total Fire Loss in Lima for Month is \$125

During the month of November the Lima fire department answered an alarm on an average of once each day, or thirty fires during the 30 day period, records of the department show.

The average fire loss for the 30 calls is \$4.16, or a total of \$125.

Electric light and phone wires were the cause of more than a third of the alarms.

Eight fires had their origin in burning chimneys. Three fires of unknown incendiary origin occurred during the month. Other fires were caused from lighting, boiling tar and carelessness.

Fire loss for November is very low, according to Chief John Mack. He attributes the small loss to prompt work of his men in reaching the scene of fires promptly and to increased precaution on the part of the public.

MOTION PICTURES AT MEMORIAL HALL SHOW HORRORS OF ARMENIA

The strange mishaps of "Alces in Wonderland" are known to almost everybody who can remember when he was a youngster. But in "Alces in Wonderland," there is no Mad Hatter and no March Hare to add to the gaiety of nations. Want, poverty, and helplessness are in evidence with the splendid spirit of America as the guiding light from the difficulty.

The motion picture, which deals with conditions in Armenia and the Near East will be shown at Memorial Hall Sunday afternoon at 2:30, under the auspices of the Y. M. C. A.

Another big attraction will be the presence of Dr. E. W. Huestler of Cleveland, state director of the Ohio Division of the Near East relief who recently returned from Armenia and has first hand information concerning the terrible conditions over there. Only official pictures will be shown.

A male quartet consisting of G. M. Baumgardner, Carl Netswanger, A. A. Jones and S. C. Biddle will furnish music.

Dr. J. E. Dexter will preside at the meeting. Every man and woman in Lima is invited to be present.

HEARING ON ROUSH PETITION, TUESDAY

Hearing on the application for an injunction sought by O. J. Roush, suspended chief of police, was set for Tuesday, December 6 in the common pleas court at 9 a. m., by Judge Fred C. Becker.

It was stated Saturday that if Roush is successful in obtaining a restraining order from the court, he can resume his office and can collect full pay from the date of suspension.

M. F. Dawson, appointed to fill the vacancy created by Roush's suspension, can draw pay as chief commencing November 22.

A demurrer to the petition was filed by the city late Friday.

O. E. EARNINGS GAIN, RECEIVER REPORT SHOWS

Earnings of the Ohio Electric Railway company have made a substantial increase during the present year over 1920, the report of the receiver filed in federal court at Toledo Saturday shows.

Earnings for the first ten months of 1921 were \$416,705 and \$362,455 for the same period in 1920.

SHERMAN PART OF HISTORY NOW

CHILLICOTHE — (By Associated Press) — Camp Sherman, known to thousands of Ohio's young men who trained for world war service there, has passed into history. Future designation of the vast cantonment will be "Vocational Training School Number 1."

Beginning Monday morning, 300 disabled service men will start to rebuild their careers by studying one of a number of offered vocations which later will enable them to obtain employment.

The first 300 student soldiers arrived at the school yesterday and were welcomed by Colonel C. R. Forbes of the Veterans' Bureau; Colonel C. J. Symmonds, president of the school, and Charles L. Darlington, state commander of the American Legion.

RED CROSS AID IS EXTENDED TO MANY

The Home Service section of the Allen-co chapter, American Red Cross, cared for 136 cases during November, according to the monthly report issued Saturday.

Actual services were given in 119 cases and information and advice to 17. Thirteen claims for compensation were filed in the Home Service office, Mrs. Irene Mills Jackson, secretary, said Saturday.

Three applications by ex-service men for the Michigan bonus were executed and papers forwarded to the adjutant general of that state; six ex-service men were aided in filing out applications for certificates in lieu of discharges lost or destroyed; eight certified copies of discharges were made for ex-service men and two discharged were sent from the Home Service office to be corrected. There were 187 office interviews, 55 letters were written and five telegrams were sent in regard to claims of ex-service men for compensation, hospitalization and other requirements.

Transportation from Lima to Detroit was furnished one ex-service man and his family. Clothing, and shoes and food were provided in several instances for other ex-service men needing aid, Mrs. Jackson said.

TO OPEN NEW BUSINESS Mrs. E. Atwood, Chicago, has leased a room in the Herbst building, 1171-2 N. Elizabeth-st and announces she will open a fashionable dress making establishment the coming week.

BURNING CORN

IOWA reports some of its farmers are selling their corn as low as 17 cents a bushel, with the average around 22 cents. Corn sold for 14 cents a bushel in 1896, but it was grown on land worth about a fifth as much as corn-bearing land of 1921.

All around, the corn raiser is in about the tightest corner of all. He has been hit terrifically by the crash in corn prices. This prevents him from becoming a normal buyer, so the corn situation reacts on all of us, a ball-and-chain on business recovery.

The American Farm Bureau Federation estimates that on Nov. 1, corn stocks totaled 3,422,000,000 bushels, not counting that stored in country mills and elevators.

This is 370,000,000 bushels more than were consumed and exported in any one year. The law of supply and demand has played havoc with prices and the prosperity of corn growers.

WITH starvation in many parts of the world, a situation arises in which middle west farmers say they must burn corn this winter because it is cheaper than coal.

Department of Agriculture says that, in heat value:

Bushel of Corn at	Ton of Coal at
14 cents equals	\$7.00
17 cents equals	\$8.50
20 cents equals	\$10.00
22 cents equals	\$11.00
24 cents equals	\$12.00
26 cents equals	\$13.00
30 cents equals	\$15.00
32 cents equals	\$16.00

For instance, according to this table, if the farmer cannot get more than 20 cents a bushel for his corn, it is as cheap to burn the corn for fuel as to buy coal at \$10 a ton. And so on.

SECRETARY MOHLER of the Kansas State Board of Agriculture disagrees. He believes that corn, even at present low price, cannot be used to greater advantage than in fattening livestock.

Corn, fed to hogs, is stored as food for humans. A hog, fattened on cheap corn now, will in all probability bring a satisfactory price later when it goes to market.

Burning corn for fuel keeps the coal miners idle.

Burning corn for fuel holds down the nation's supply of hogs, which has decreased nearly 8,000,000 since 1918.

In some instances, burning coal as fuel may be compulsory. But, as a general proposition, it is an economic fallacy that will only increase the cost of living, curtail available supplies of food, and hinder return to normal conditions.

OUCH!

ADMIRERS of Marshal Foch presented him with a live American wildcat. The news evidently traveled to Montreal, for a French-Canadian gave Mayor Martin a black bear cub. The mayor stooped to pet it and got bitten in the leg.

This novel custom, of presenting wild beasts as a token of esteem, has interesting possibilities. Landlords should examine newly arrived crates with exceeding caution before opening them.

AS YOU LIKE IT

Pickle packers say that every true American must eat a pickle every two weeks. In that case, how's the hay market? Maybe somebody will require that we eat a bale of hay to prove our Americanism.

New York is trying to teach people to live 100 years. Let us suggest they move to Lima.

If a lot of men did not think they were having beauties there would be more peace in this world.

Bavarian beer of pre-war 13 to 15 per cent strength has been restored. One return to normalcy.

Spanish Cabinet wants a bigger navy. Forgotten what Dewey and Schley did to its last one?

The Irish peace negotiations go on hopefully. One day Ulster spurs the Sinn Féin proposals and the next the Sinn Féin spurs the Ulster plans.

Lights in the cellar windows may, and may not, prove that prohibition, as predicted, is keeping more men home at night.

PARABLE OF OLD FIFTY-TWO

BY DR. W. E. BARTON
MANY years ago there was a World's Fair in Buffalo and there was a Railway that ran into Buffalo from the region toward the going down of the sun. And its officers said among themselves: Go to, let us run a train against time, and beat the World's Record for a Long Run.

And they took two fine new Locomotives that had been built to haul the Empire State Express, and they brought one of them to Chicago, and the other they placed at Collinwood, which was midway and high unto Cleveland.

And the first of those fine new Locomotives left Chicago hauling a Baggage Car and a Day Coach and a Parlor Car. And in the Parlor Car were the officers of the company. And they had instruments whereby to register speed.

And the first of those fine new Locomotives pulled out of Chicago and hastened toward the Sunrise. And it made a good run, but when it pulled into Collinwood, it was Three Minutes under the World's Record for that distance.

And the Officers said: This will never do. The other new Locomotive must do better. And as they were starting to hook

up the other new Locomotive, behold, they discovered a Broken Valve. And they said, We cannot use that Locomotive.

Then were their hearts heavy. But they said, Give us an Engine of some sort, for we must get to Buffalo.

And the Yardmaster said, Behold, we have only one Locomotive in the yards with steam up and this is Old Fifty-Two—that years ago went off the main line and hath long been hauling Local Freight on a Branch Line.

And the Officer said, Give us any thing that hath Wheels and a Boiler, for we must get on to Buffalo.

So they hooked up Old Fifty-Two. Now the Engineer of Old Fifty-Two was no longer young, but in his day he had been a Great Engineer, and he knew his Engine. And he said,

Old Girl, we will give them a Run for their Money.

Now the officers were sitting in sackcloth and ashes, when they chanced to look out of the window and behold, the Telegraph Poles went by like a Picket Fence. And they looked at their instruments, and behold, they were going Sixty Four Miles an hour.

And after a time, they looked, and behold, they were going Seventy Miles an hour.

And they became Greatly Interested.

And the fireman was sprinkling in the coal, and keeping the steam pressure just where it belonged, and behold, the train climbed up to Eighty-Four Miles an hour.

And when they pulled into Buffalo, the telegraph instruments along the way were hot with the reports of the flight of that train.

And the World's Record for a long-distance run was broken.

Now listen unto me, all ye men who stand idly upon life's Side Track thinking that there is no great place in life for you. Hauling freight on a Branch Line is no disgrace, but highly honorable. Yet are there men who are fooling away life on Short Haunts of Less Than Car-Load Lots who ought to get out onto Life's Main Track, and actually Get There.

I am no longer young, but I am running on the Main Line, with the throttle wide open, and the track clear, and I invite other men who are no longer young, but who are capable of going some, to back out of the Round House and undertake some job worth while and renew their youth.

THE GREATEST ACTOR

GEORGE COHAN, back from Paris, says: "I saw Lucien Guitry for the first time. He is the greatest actor I have ever seen. I strongly advise all American actors to study this man and learn the art of NOT acting."

Guitry, master performer, is 61 years old. His art lies in always being natural, never "putting it on." An amateur tries so hard to act that he overdoes the thing; seems artificial. Most of us can apply this principle, with profit.

The business man, for instance. He could write an excellent ad, easily, if he wrote it naturally, just as he would present his sales arguments verbally to a customer. Instead, he usually "tries to write"—makes a job of it.

No task is difficult, except as dread makes it so. A task is easy or hard, depending on your mental attitude. All problems are simple. Approach them naturally, not imagining them difficult or mysterious, and you'll solve them quickly.

Success is in being natural and doing things naturally.

SETTLING DISPUTES

WHEN Germany went to war, the main thing she wanted was to complete the Berlin-to-Bagdad railroad.

Seven years elapsed. The curtain rises on Act 2: Hugo Stinnes, Walter Rathenau and other big Germans visit London. It leaks out that they are arranging to complete the railroad from Berlin to Bagdad.

That's usually the way. After the war is over, both sides get together at a table and settle the original argument peacefully, just as they could have done in the first place.

No wonder the late E. L. T. referred to us as "the so-called human race."

FEEDING THE STARVING

BY Christmas, the American Relief Administration will be feeding at least 1,000,000 starving Russian children. The number already has passed the 700,000 mark.

Aside from the humanitarian aspect, which cannot be figured in money, there is a selfish gain in this, too. It is sought unselfishly.

The gain? We are making, for the next generation, friends of at least 1,000,000 Russian families. Work like that is a powerful agent of peace.

CHORUS GIRLS

MUSICAL shows in Paris are much the same as they always have been, except that the choruses are now made up mostly of American and English girls, says George Cohan.

Feminine beauty is about the only thing on the American stage that is worth exporting. Not much danger of the French importing our dramatic "plots."

GLANCES

If a girl's face is her fortune there's billions in a drug store.

In choosing father's present, make it as light on him as possible.

It must be great to be so rich you don't have to pay your bills.

A St. Louis man finds talking bees. We saw a spelling bee once.

Worst thing about punctures is one never stays close to a garage.

"America for Americans" is fine; "Americans for America" finer.

Dr. Fish says dying naturally is impossible. Doc must have an auto.

Vulva has made \$6,000,000 for Zion City in ten years. One of his drastic reforms must be no buttons in the contribution plate.

First Christian Church, corner of West and Elm-sts., E. A. Watkins, pastor. Sunday school at 9:15 a. m.

Are You Scrawny and Without Force

The Way to Get Heavier and Stronger

Your weight tells your condition. Are you losing or are you gaining? If you want to put on weight, permanent flesh and fill your system with more force and energy, you should try a little DR. CAREY'S MEDIC-YEST with your meals.

DR. CAREY'S MEDIC-YEST enters into what you eat, aids digestion and gives your body that healthful strong energy and nourishment elements in the vitamins. These are destroyed in the process of cooking many of the ordinary foods.

If you are thin you fight for your weight, weak and tired; if you are forever catching cold, you will find it worth while to try this simple experiment—First measure and weigh yourself, then take DR. CAREY'S MEDIC-YEST TABLETS two of them with each meal at the end of a week, measure and weigh yourself, and continue to take DR. CAREY'S MEDIC-YEST until you have gained all the weight you want.

It is not a matter of hearsay or opinion as to what it does for you—the mirror, the scales and tape measure will tell the story that cannot be disputed.

DR. CAREY'S MEDIC-YEST TABLETS will positively form more solid flesh and increase energy when taken with every meal. DR. CAREY'S MEDIC-YEST should not be used by anyone who is opposed to acquiring permanent weight.

DR. CAREY'S MEDIC-YEST is fully guaranteed by the maker. Always insist on having the genuine DR. CAREY'S MEDIC-YEST. Hunters Drug Stores, Thompson's Drug Stores, Mykantz Co., Fair and North-st. carter. DR. CAREY'S MEDIC-YEST can be quickly procured for your from his "cubber"—there is nothing else like it—Adv.

Rev. John Keely will preach in the Alstetter Chapel Sunday afternoon at 2 o'clock, filling Rev. C. I. Eckhardt's appointment.

HOW WOMEN OF MIDDLE AGE

May Escape the Dreaded Sufferings of that Period by Taking Mrs. Block's Advice

Hopkins, Minn.—"During Change of Life I had hot flashes and suffered two years. I am Lydia E. Pinkham's Vegetable Compound advertised in the paper and good results from taking it. I recommend your medicine to my friends at this fact as a testimonial."—Mrs. Rose Block, Box 64, Hopkins, Minn.

It has been said that not one woman a thousand passes this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms. Those dreadful hot flashes, sinking spells, spots before the eyes, dizzy spells, nervousness, are only a few of the symptoms. Every woman at this age should profit by Mrs. Block's experience and try Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co., Lynn, Mass. about your trouble. Your letter will be opened, read and answered by a woman and held in strict confidence.

Enjoy your Glass. Visit at the MORRISON HOTEL, THE HOTEL OF PERFECT SERVICE, and the TERRACE GARDEN, CHICAGO'S WONDER RESTAURANT.

Going the Limit, Dr. Steeves will show Sunday evening the result of going the limit.

1. It is the business of the church to supervise the amusements of the young people.

2. Should a minister of the Gospel endorse card-playing, dancing, cigarette-smoking and drinking?

3. Have the world failed, has God failed, has the Church failed?

ST. ROSE HI SWAMPS SIDNEY QUINTET

St. Rose Hi swamped the Sidney quintet by a score of 40 to 5 in the St. Rose auditorium here Friday night in one of the fastest basketball encounters of the season.

The Lima team outplayed the visitors from the start of the game and had the victory clinched at the end of the first half, when the score stood 31 to 2.

Coch Bob Baker's team has shown wonderful improvement in its art of passing and his pair of forwards, Wells and Daley, make a combination of trained tossers that cover the floor with such speed that would make most any guard or pair of guards dizzy.

It is unquestionably the best team developed at St. Rose in years. The gymnasium was packed with spectators last night and the team is receiving fine support.

Before the season had ended Coach Baker will have a team that can give the best of high school teams a real battle.

For several minutes during the second half of Friday night, Baker put in his entire second squad. They showed about as much speed as the regulars.

Next Friday night St. Rose journeys to Piqua. Their next home game will not be played until December 30 when St. John's Hi of Delphos comes here.

The score and summary follows:
ST. ROSE..... SIDNEY
Wells..... f..... H. Graffie
Daley..... f..... Ocheltree
Cunningham..... c..... Wagner
Runiger..... g..... Keeler
Schmiesing..... g..... G. Graffie
Field goals: Wells, 9; Daley, 7; Cunningham, 2; Schmiesing, 1; Foul Goals, Wells 2; Ocheltree, 1.

YACHT MEETING

CLEVELAND — The Interlake Yachting Association held its annual meeting here today. Among the important topics programmed for discussion were the proposed international race between Canadian and United States class R boats and the building of a boat house on a site donated by the Put-in-Bay Yacht Club.

Governors Davis of Ohio, Groesbeck of Michigan and Sprout of Pennsylvania have been invited to attend.

THEATRES

AT THE SIGMA
Home's Balzac's novel "Engel Grandet" forms the basis for Rex Ingram's production "The Conquering Power," appearing for the final times today at the Sigma theatre. Alice Terry (Mrs. Rex Ingram), and Rudolph Valentino, are the leading characters.

LIMA STOCKS ARE MARKING TIME

Sheet Metal Receives Big Order From Vapo Stove Company

LIMA LOCOMOTIVE DEMAND

Local Oils Inactive—Stock Market Resume

Local Stocks Marking Time. Sheet Metal Receiving Large Order From Vapo Stove Company.

Lima Locomotive Common in Demand.

The Lima Sheet Metal Products Company received during the week an order from The Vapo Stove Company for 1,000 sheet metal stoves. The Vapo Stove company owns the patents on the Vapo Stove and is devoting all of its time and attention to the sale of its product, assembling the stoves in its new plant on E. 11th St.

The United States Truck Company also gave the Lima Sheet Metal Products company an order for 110 sets of sheet metal parts for their trucks.

Lima Locomotive common stock was in fair demand and several odd lots of the preferred stock sold at 92 1/2.

Lima Telephone common was wanted at par, but no sales were reported.

Local oils were slightly off, while no trades were reported in Bank stocks.

OHIOAN JAILED IN ITALY

CONVICTED OF MURDER
COLUMBUS—Henry Nitschke, charged with slaying Russell Crute, a street car conductor, in a holdup at the edge of the city, September 9, was found guilty in the first degree by a jury here this morning. The jury, which deliberated ten hours, recommended mercy.

COLD WAVE DUE
CHICAGO—The first real cold weather of the season is due for this part of the country today, together with flurries of snow, according to Henry J. Cox, weather forecaster. The cold weather which follows an exceptional heavy rainy season is expected to last for several days, Mr. Cox said.

COURT DEFIED
KANSAS CITY, Mo.—Alho union officials cited to appear had voted to ignore the proceedings, the Kansas court of industrial relations came to Kansas City, Kan., today to conduct an investigation of the packing industry from all angles with especial reference to conditions which might arise should the Kansas union members join the nation-wide packing strike scheduled to begin Monday morning.

BUILDING JUMPS
NEW YORK—Building contracts, awarded here during the first eleven months of the present year amounted to \$348,473,000, or ten per cent more than in the entire year of 1920, the F. W. Dodge Company, construction reporters, announced today. Sixty-five per cent was for residential building.

SHIPS COLLIDE
BELFAST—Three members of the Sinn Fein peace delegation bound for Dublin, had to return to England today when the steamer Cambria, on which they were traveling, collided with a schooner soon after leaving Holyhead, England. The schooner was sunk and three of her crew drowned. The Cambria returned to Holyhead damaged.

FARMER IS ROBBED AND THEN SHOT BY BANDITS

RICHMOND, Ky.—Police today are searching for the unidentified assailants of P. W. Wells, a Madison county farmer. The bandits seized Mr. Wells as he poured water into the radiator of their automobile last night. They carried him some distance, robbed and then shot him, the bullet hitting him at the base of the skull. He is in a serious condition at a hospital here.

ARBUCKLE'S FATE UP TO ONE JUROR

SAN FRANCISCO—(By Associated Press)—Nothing remained of the Roscoe Arbuckle manslaughter trial today but a verdict, and, if that was adverse to him, a sentence. The fate of the comedian, accused of having caused the death of Virginia Rappe, motion picture actress, was given to the jury shortly after four o'clock yesterday afternoon.

Rumors were current last night that the jury, composed of seven men and five women, stood eleven to one for acquittal, but no agreement had been reached at 11 o'clock and the debating ceased to permit the members to retire for the night. A through that packed the courtroom and corridors outside in the hope of hearing the verdict, expressed disappointment when the jury was locked up for the night.

PRINCE'S PARROT DIES
LONDON—“Polly,” pet parrot of the prince of Wales, died at York House, St. James Palace. The parrot refused to eat after the prince's departure for India.

NEW TREND IN NAVY ROW HELD SECRET

WASHINGTON—(By Associated Press)—With latest developments in negotiations on the question of naval ratio for Japan represented by delegation spokesmen as justifying optimism, altho their nature was a closely guarded secret, the whole matter was expected to remain at a standstill today while Baron Kato communicated further on the situation with Tokio.

What new phase the negotiations may have entered as the result of the extended discussion of the ratio question at the conference of the naval “big three” yesterday, still was a matter only of speculation today. The conferees—Secretary Hughes, Baron Kato and Arthur J. Balfour—as well as the spokesmen for their respective delegations, continued to maintain silence as to what new trend the discussions may have taken, altho the situation was reported as having been brought to a favorable stage by the meeting.

In resuming discussion of the question of withdrawing foreign troops stationed in China, there was some probability that the Far Eastern Committee today would adopt a broadly drawn declaration of general policy on that request of the schedule.

RECORD IN ONE FAMILY
LONDON—The golden wedding anniversary of Mr. and Mrs. William Morris at Westbury-on-Tyeme marks the fourth celebration of this kind in the same family. Mrs. Morris was Emily Cadie, fourth in direct line of families who celebrated their 50th wedding anniversaries.

GIRL'S PLAN TO WED 17th MATE FOILED BY U. S.

CHICAGO—(By Associated Press)—Federal agents broke up Mrs. Drexler's matrimonial government allotment plan just as she was making plans to marry her seventh husband in three years, according to her story today to Captain Thomas J. Porter of the secret service. By listing as the son of each husband, the little boy born from her second experience in matrimony, she added \$5 a month extra to the flood of allotment checks she received from the government, she said. Federal officials calculated she had received \$500 a month.

“I was working in Boston when I met Wilfrid Taylor,” she related. “The draft got him and soon after landing in France he was killed.”

Mrs. Drexler's brother also was killed in action overseas. Her little boy is Wilfrid Taylor's son.

“I had to go to work or get married, so I got married. Several months afterward my husband joined the navy, so I got two allotment checks. John Kelly of the Brooklyn navy yards was the next. I left him and married another sailor.

“Dear me, I can't remember all the names. Finally I came to Chicago and married three sailors in quick succession. Albert Drexler, a Camp Grant soldier, was the sixteenth. I had a sailor picked out for the next, but your agents arrested me.”

AUTHORESS IS SOLDIER
CONSTANTINOPLE—Halide Edib Hanem, Turkey's woman novelist, has been awarded the rank of corporal by Kemal, Turk leader in Asia Minor, for having handed a rifle in the recent fighting against the Greeks. She is the pioneer of the feminist movement in Islam.

C. W. MORSE BARRED BY PARIS ORDER

PARIS—(By Associated Press)—The French ministry of the interior today issued an order denying Charles W. Morse the right to land in France and requiring him to return to the United States on the first available steamer, which would be the Paris, sailing Monday from Havre.

Issuance of this order was confirmed in a letter from the French foreign office to the American embassy. The interior department has the right to refuse entry to any foreigner whom it judges undesirable.

The embassy cabled the Washington authorities that in view of the interior department's action, Mr. Morse could be expected to arrive at New York aboard the Paris on that liner's next trip.

MORSE ASKS DELAY
HAVRE—(By Associated Press)—Charles W. Morse, American financier, cabled Attorney General Daugherty today, asking permission to delay his departure for the United States until the sailing of the steamship George Washington on January 5. Mr. Morse was detained by the French authorities on his arrival here yesterday morning at the request of the American consulate.

Mr. Morse was indicted May 3, 1920, on a charge that thru an agent, he had sold the steamer John G. McCullough to the government of Tunis in violation of the law prohibiting sale of a ship registered under the American laws to any one not a citizen of the United States without the shipping board's permission.

JACKSONBURG MAN JAILED ON MURDER CHARGE

HAMILTON—Charles Weaver, 50, was in jail here today on a first degree murder charge following the death of Ollie Wright, 68, of a gunshot wound last night.

Both were bachelors and lived together near the homestead of former Governor James M. Cox, Jacksonburg.

IRISH PEACE OR WAR UP TO THE DAIL

DUBLIN—(By Associated Press)—Members of the Dail Eireann cabinet assembled today to consider the British government's latest proposals for an Irish peace settlement.

There is little optimism as to its decision, and the Sinn Fein peace delegates are reported as believing the revised terms will be unacceptable to Eamon de Valera and his advisers.

The exact nature of the proposals is not known, but they are said to be based on an all-Ireland parliamentary government, one of the strong points for which the Sinn Fein has been holding out.

One version of the new terms is that they deal with the Sinn Fein's objection to swearing allegiance to the crown by providing that allegiance be sworn to the Irish free state, the commonwealth of nations known as the British empire, and to the king as head of that community of nations.

ACCUSED IN MURDER OF DAN KABER

CLEVELAND—(By Associated Press)—Vittoria Pisselli, who is said to have stabbed to death Danie Kaber, wealthy Lakewood publisher, two years ago, has been captured in Ripalimosani, Italy, according to word received here from two Cleveland detectives. He is being held there pending word from the Italian ambassador at Washington.

Assistant County Prosecutor Walter I. Krawson is enroute today to Washington to present the facts to the ambassador.

As there is no extradition treaty between the United States and Italy for capital offenses, Pisselli probably will be tried in that country. In that event the detectives will remain there and testify against him. In four other instances recently, Italy has refused to send murderers back to this country.

Pisselli is the last of six alleged conspirators in the Kaber murder plot to be arrested. According to an alleged confession of Salvatore Cala, who is serving a life term for implication in the plot, Pisselli stabbed Kaber while Cala held the victim. They were to have been paid \$5,000 by Mrs. Eva Catherine Kaber, the slain man's widow who also was convicted and sentenced to life imprisonment.

Besides Mrs. Kaber and Cala, two others have been tried for the murder of Kaber, which occurred as the invalid slept in his Lakewood home. Miss Marian McArdle, daughter of Mrs. Kaber, and Mrs. Emma Cola vito were acquitted of the charge. Mrs. Mary Brickel, 70-year-old mother of Mrs. Kaber, is awaiting trial.

Lima Tire and Supply Company Opens New Direct Factory Branch for Sales and Service on Firestone Tires, 404 406 408 S. Elizabeth St.

New Company Owned Entirely By Lima Men and Lima Capital

Largest Supply of Tires in City of Lima or Vicinity

HAMENSE HYDRAULIC PRESS

Special Attention Given to Sale and Care of Truck Tires

Like any great enterprise that leaps into a field of opportunity intent on nothing but success, The Lima Tire and Supply Company was recently organized and incorporated and now has one of the largest and most efficient tire and supply houses in this section of the country, located at 404-6-8 South Elizabeth-st. It is owned entirely by Lima capital.

This company has the official direct factory representation for FIRESTONE tires and tubes in Lima and vicinity.

R. A. Conroy is president and general manager; W. A. Pflaum, secretary and treasurer; and F. H. Downing, vice-president.

Mr. Conroy has been associated in executive capacities with the automotive and tire industry for the past eight years. Starting eight years ago with the Ford Motor Company, he did field work for Ford direct from the factory, remaining with the company until four years ago. At that time he went with Lomont & Company, wholesale dealers in auto parts and tires. He was in direct charge of the tire department of the Lomont company with headquarters in Lima until the organization of

Firestone

40x8	148.70		

There isn't any other tire that can compare with FIRESTONE from the standpoint of more miles per dollar. That is the basis for computing tire cost. It's what you get out of a tire that counts," continued the secretary-treasurer.

"Step by step, ever a pace ahead, FIRESTONE has grown

"Users of heavy and medium weight cars have come to recognize Firestone Cord tires as holding forth a new standard of mileage value and thus the popularity of FIRESTONE Fabric Tires is re-emphasized by the widespread endorsement given the FIRESTONE Cord tires.

"Wherever there are travelable roads you will find the trail of the motor car, and there also will be found the trail of the Firestone tire."

While neither Mr. Pflaum nor Mr. Conroy would make a statement as to their expert knowledge

FIRESTONE TIRES have set a standard by which to measure any with the automobile industry and of the tire industry, it might be added that both are thoroughly familiar with the giant pneumatic, solid and cushion truck tire conditions in and about Lima.

They invite the operators and owners of trucks to visit their plant and consult them on any tire problems that might arise.

"If you are not getting enough mileage out of your tires, there is something wrong somewhere," said Mr. Conroy. "It is our business to help you get more mileage. If we can do you any good, we will gladly give you all the assistance and cooperation that is in our power."

"There are certain conditions that every truck owner or operator should know."

"Correct size, style, quality and general suitability of the tire equipment is quite as necessary to low cost operation as selecting a truck of special design, speed and carry in capacity. The cost of hauling per ton mile can be determined by a close check on maintenance and depreciation."

"Perhaps more is expected from the tires than any other part of the truck; yet often, they are given the least consideration."

"Reasonable study and control with reference to loads carried, speed, frequency of stopping and starting, and road conditions will keep the operation cost at a minimum."

"Quality alone, whether it pertains to tires or truck, will not insure the best showing, but a combination of quality and proper care will result in maximum service at a minimum cost of upkeep."

"We maintain a Service Department for the express purpose of studying conditions. We urge the tire using public to feel welcome at any time to consult our service specialists."

The Lima Tire and Supply Company has opened a real service station—a service specializing in tire troubles alone so that patrons may have high class, efficient attention. This service takes in every phase of the tire business, from carrying a stock large enough to meet every need, all sizes of tires and tubes, to taking care of damaged tires.

The Lima Firestone branch has one of the largest display rooms and service stations in this section. The first room, 404 South Elizabeth-st is devoted exclusively to displaying Firestone tires and tubes. The adjoining room carries the tremendous stock and is also used as a shipping department. The third room is the drive-in service station, where care is immediately taken of truck tire and passenger tire troubles.

Equipment is now being installed in the service department. Among the features of interest to truck owners is the mighty 300 ton hydraulic press. It is the largest of its kind in the city and assures efficient solid tire service either day or night.

"It certainly gives us great pleasure," said Manager Conroy, "to state that The Lima Tire and Supply Company is owned entirely by Lima capital. It is a Lima institution first, last and all the time."

All auto owners, truck owners and drivers are invited to inspect the new show rooms and operating plant.

\$1,250,000 TO BE PUT IN BRIDGES

Free Structure Will Replace Ohio's Only Toll Span

COLUMBUS — (By Associated Press) — Ohio's only toll bridge, that on the Buffalo-Chicago road, to the entrance to Conneaut, is destined to pass into history in the near future, along with similar bridges of earlier time, according to State Highway Commissioner Herrick.

At a conference today between the county commissioners of Ashtabula and Commissioner Herrick plans for constructing a new free bridge at Conneaut and also at Ashtabula were tentatively approved. The two projects will cost approximately \$1,250,000, Mr. Herrick said.

The plan agreed upon is for the county to raise half the funds and the state with the aid of federal money to supply the other half.

Mr. Herrick said that it is probable that only the Conneaut bridge will be built next summer as the federal department probably will object to furnishing so much money in one year for the two projects. The federal department, he said, has tentatively approved the Conneaut project.

The two bridges are each approximately 1500 feet long. The Conneaut bridge is to be located about 600 or 700 feet north of the present location and the one at Ashtabula, some distance from its present location, in order, Mr. Herrick said, to permit traffic to go straight thru the city without necessitating numerous turns as at present.

UNEMPLOYMENT AFFORDS MEN MORE TIME TO WAIT FOR TURN IN BARBER SHOP

Unemployment and haircuts! "What has unemployment to do with haircuts?" was the query asked Friday.

"Just this," replied several barbers, "that men are now waiting longer in the shops for the 'you're next' call than formerly. 'The reason for this is that the large numbers of unemployed, not being governed by working hours, may go to the barber shop at any time of the day. Their time is their own and consequently there is usually a large number on the waiting lists at all times of the day. Where, as, when men are working, they generally have their barbering done on Saturdays, or after working hours.'"

DECEMBER TAX PAYMENT; BIG INCREASE IS SHOWN

Taxes in double the amount paid up to this time last year, has been received on the December installment to date, according to Harry E. Botkins, county treasurer, although announcement has not been made that the books were open and ready for the collection, the treasurer said Saturday.

"A total of \$20,000 has been paid," Botkins asserted, "which indicates to me that money conditions are becoming easier. We have had good response thus far and the taxpayers who would avoid a last minute rush and consequent delay due to so many coming in at the same time, should arrange to take care of their tax payments as soon as possible," Botkins said.

DAUGHTER REASSURED IN FATHER'S INJURY

Roy E. Spees, 47, of 10 Euclid-ave, engineer on the Lake Erie & Western railroad, had several ribs broken and sustained possible internal injuries when his train collided with a New York Central yard engine at a railroad cross-over in Fremont, late Friday.

Spees was removed to a hospital in Fremont. Information from that city is to the effect he will be brought to his home in Lima Saturday, in event his condition will permit.

Spees resides with Mr. and Mrs. V. G. Dickensees, 110 Euclid-ave. A telegram sent by railroad officials to his daughter, Marie, 14, who resides with her father, assured her that her father injuries are not of a serious nature.

TWO MEN UNDER LIQUOR CHARGES SECURE BOND

Joe J. Janski, bartender and "Doc" Dorr, soft drink saloonist, arrested on a liquor charge Thursday night, obtained bond Saturday and were released from jail.

Bond was set in criminal court Friday at \$1,000 each by Judge Emmett J. Jackson.

JUDGMENT FOR \$30 IS TAKEN UP ON APPEAL

Mrs. William Bailey has appealed to common pleas court the case wherein Harold Smith secured judgment for \$30 against herself and husband in the court of William H. Guyton, justice of the peace. The amount asked is for labor by Smith in painting an automobile.

FUNERAL OF MRS. TROXEL AT BEAVERDAM MONDAY

Mrs. Sarah Ann Troxel, 55, died at the home of her daughter, Mrs. Julia Crites, Belmont addition, Friday. Death was due to age and complications. She is survived by six sons and the daughter.

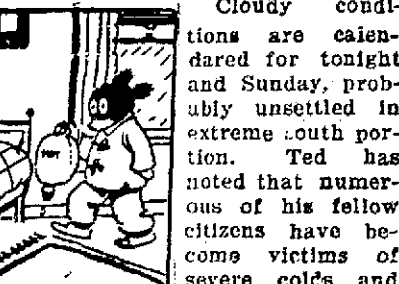

Funeral services will be held Monday from the Disciple church, Beaverdam cemetery.

MARRIAGE LICENSES

Irwin Carl Evans, 21, salesman, 763 Bellefontaine-ave, and Mrs. Dean Boda, 23, clerk, 1129 Hill-st. Roy Melvin Black, 21, laborer, and Miss Jessie Belle Nulph, 23, both of 287 E. McKibben-st. Darrell James McGinnis, 26, truckdriver, 540 W. Wayne-st, and Miss Florence Irene Roush, 20, Kaleb-apt.

WEATHERMAN IS GLOOMY

NOT a lot of change in the temperature is the word heralded Saturday by the weather manipulator, for the benefit of an unsuspecting and generally indifferent public.

Cloudy conditions are calendered for tonight and Sunday, probably unsettled in extreme south portion. Ted has noted that numerous of his fellow citizens have become victims of severe colds and near pneumonia as a result of temperature conditions and isn't taking any chances.

Prediction of snow for Friday failed to materialize — so you could notice it, but the forecaster was justified in his deduction as all "symptoms" indicated a snow blanket was on the way.

Medicine Hat continues to rule the weather roost.

SOLICITING SLOW, BUT FACTORY FUND ASSURED, C. C. HEADS DECLARE

"Altho several of the soliciting committees have been lax in getting returns on the \$12,000 building site fund, needed to purchase ground for the Lima Woolen Mills, Inc., there is not the slightest danger that Lima will lose the plant," declared chamber of commerce officials Saturday, after it had been asserted the concern might seek other fields.

J. Norman Claypoole, part owner of the \$200,000 concern, has established his residence in Lima and will promote the immediate breaking of ground and erection of temporary buildings to house supplies, it was announced Saturday.

The drive for the \$12,000 fund needed has moved somewhat slowly, it was said, but there has never been any immediate danger that it would not be subscribed, chamber of commerce heads said.

ELKS' ANNUAL LODGE OF SORROW, SUNDAY

Hon. Edward Welsh, Cleveland, will deliver the memorial address at the Elks Annual Lodge of Sorrow, to be conducted at the lodge home here Sunday afternoon at 3 o'clock. In memory of 156 members of Lima lodge No. 54, who have passed away.

Bishop Robert L. Harris of the Episcopal church of northern Michigan, will give an address, "The Good of the Order." There will be appropriate musical program. Committee arranging the program comprises Nelson Shook, J. Allen Brady, J. C. Sweeney, M. J. Mooney and Fred Calvert.

An invitation is extended to all Elks, their families and friends.

KAMERER APPEALS SUIT LOST IN LOWER COURT

H. M. Kammerer has appealed to common pleas court the suit he lost in the court of William H. Guyton, justice of the peace, against D. R. Anspaugh, operating the Lima Auto Laundry.

Kammerer sued for damages amounting to \$162.16, charging he was forced to pay out this amount of money because of failure of the auto laundry to properly repair his car. Kammerer charged an explosion damaged the motor of his car as a result of negligence on the part of the auto laundry.

RABBIT HUNTER KILLS 15-POUND RED FOX

Paul R. Martz, son of John Martz, West Cairo R. D. 1, while hunting rabbits Saturday morning, near his home, shot and killed a red fox, weighing 15 pounds. This species of animal is becoming very scarce in this part of the country, old hunters state.

MERCHANTS TO DECIDE ON DEC. 26 CLOSING

Question of whether Lima merchants will close their stores December 26, the Monday after Christmas, will be decided at a meeting of the board of directors of the Lima Merchants' association, Tuesday.

It is customary to observe the day Monday when a holiday falls on Sunday, but whether this rule will prevail this year is undecided by local merchants.

WILL STRIKE MONDAY CINCINNATI—Union plumbers in Cincinnati today notified their employers that they would go on strike Monday morning.

The plumbers' union is a party to the Cincinnati wage board agreement of the building industries, which recently expelled the steam fitters and lathers' unions for striking.

BLAZE A DAY IN NOVEMBER

Total Fire Loss in Lima for Month is \$125

During the month of November the Lima Fire department answered an alarm on an average of once each day, or thirty fires during the 30 day period, records of the department show.

The average fire loss for the 30 calls is \$4.16, or a total of \$125. Electric light and phone wires were the cause of more than a third of the alarms.

Eight fires had their origin in burning chimneys. Three fires of unknown incendiary origin occurred during the month. Other fires were caused from lighting, boiling tar and carelessness.

Fire loss for November is very low, according to Chief John Mack. He attributes the small loss to prompt work of his men in reaching the scene of fires promptly and to increased precaution on the part of the public.

MOTION PICTURES AT MEMORIAL HALL SHOW HORRORS OF ARMENIA

The strange mishaps of "Alice in Wonderland" are known to almost everybody who can remember when he was a youngster. But in "Alice in Wonderland," there is no Mad Hatter and no March Hare to add to the gaiety of nations. Want, poverty and helplessness are in evidence with the splendid spirit of America as the guiding light from the difficulty.

The motion picture, which deals with conditions in Armenia and the Near East will be shown at Memorial Hall Sunday afternoon at 2:30, under the auspices of the Y. M. C. A.

Another big attraction will be the presence of Dr. E. W. Huelster of Cleveland, state director of the Ohio Division of the Near East Relief who recently returned from Armenia and has first hand information concerning the terrible conditions over there. Only official pictures will be shown.

A male quartet consisting of G. M. Baumgardner, Carl Newmeyer, A. A. Jones and S. C. Bidwell will furnish music.

D. J. E. Dexter will preside at the meeting. Every man and woman in Lima is invited to be present.

HEARING ON ROUSH PETITION, TUESDAY

Hearing on the application for an injunction sought by O. J. Roush, suspended chief of police, was set for Tuesday, December 6, in the common pleas court at 9 a. m., by Judge Fred C. Becker.

It was stated Saturday that if Roush is successful in obtaining a restraining order from the court, he can resume his office and can collect full pay from the date of suspension.

M. F. Dawson, appointed to fill the vacancy created by Roush's suspension, can draw pay as chief commencing November 22.

A demurrer to the petition was filed by the city late Friday.

O. E. EARNINGS GAIN, RECEIVER REPORT SHOWS

Earnings of the Ohio Electric Railway company have made a substantial increase during the present year over 1920, the report of the receiver filed in federal court at Toledo Saturday shows.

Earnings for the first ten months of 1921 were \$416,705 and \$382,455 for the same period in 1920.

HOLL REAPPOINTED WAPAKONETA — Governor Harry L. Davis has announced the reappointment of former State Senator George W. Holl of New Knoxville, as a member of the state Americanization board.

THE BEST RESULTS ARE OBTAINED BY USING Baker's Chocolate

(Blue Wrapper, Yellow Label) In Making Cakes, Pies, Puddings, Frosting, Ice Cream, Sauces, Fudges, Hot and Cold Drinks.

For more than 140 years this chocolate has been the standard for purity, delicacy of flavor and uniform quality. IT IS THOROUGHLY RELIABLE.

NOTICE OF PAROLE Notice is hereby given that John R. Co. prisoner, confined in the Ohio State Reformatory, Mansfield, Ohio, is entitled under the law and rules governing parole from said institution, to recommendation to the board of Parole and Pardon by the Superintendent and Chaplain as worthy of consideration for parole. Said application will be for hearing on and after December 13, 1921. G. F. Garver, Chief Clerk. 1-13-21.

WORLD NEWS

ABILENE, Texas.—Arrival of trip-lets, all boys, at the home of Mr. and Mrs. M. N. Young, gave the couple four children within a year. Another baby boy was born early this year.

NEW YORK.—Sherwood Anderson, novelist, and a native of Camden, Ohio, was awarded the annual American letters prize of \$2,000 offered by the Dial. He lives at Palos Park, near Chicago.

LE MARS, Iowa.—Rev. Father Francis Wrenn, 50, of a parochial school at Akron, Iowa, was found guilty of assault on a 15-year-old school girl by a district court jury.

ORLANDO, Fla.—Lena M. Clarke, because of insanity, was found not guilty on a charge of killing F. A. Millmore, restaurant keeper.

WASHINGTON.—Under a ruling by the internal revenue department, interest on Liberty bonds held by corporations is exempt from corporation income tax under the new revenue law.

WILLIAM WILSON LEAVES PROPERTY TO HIS WIDOW

William Wilson, late of 715 Green-lawn-av, who died November 25, gave all his property to his widow, Mrs. Clara Wilson, according to terms of his will, probated in court late Friday. The estate consists of \$1,000 in personal property.

Mrs. Wilson was named executrix in the document and her appointment was made by the court. E. A. Dean, Waldo Courtland and F. O. Brown were named appraisers.

WAPAK MAYOR-ELECT NAMES SERVER, SAFER

WAPAKONETA — Mayor-elect Fred A. Kilpel has announced the appointment of Howard Benner, engineer, now engaged in the clothing business, as service director under the new administration, effective January 1.

William Zint, former safety director until relieved by a change of administration two years ago, has again been appointed to that position.

DEATH AT MOULTON WAPAKONETA — Funeral services will be held Monday at the St. Marys M. E. church for Samuel Gearing, 80, who died at his home near Moulton, from a heart attack. He was a veteran of the civil war.

"My colds never hang on!"

"All my colds used to make me miserable, but now I have Dr. Bell's Pine-Tar-Honey at the first warning of a cold. This standard remedy soon relieves a cold, grippe, cough and hoarseness. It soothes the throat, softens the inflamed tissues. Get a bottle from your druggist this morning."

SHERMAN PART OF HISTORY NOW

CHILLICOTHE — (By Associated Press) — Camp Sherman, known to thousands of Ohio's young men who trained for world war service there, has passed into history. Future designation of the vast cantonment will be "Vocational Training School Number 1."

Beginning Monday morning, 300 disabled service men will start to rebuild their careers by studying one of a number of offered vocations which later will enable them to obtain employment.

The first 300 student soldiers arrived at the school yesterday and were welcomed by Colonel C. R. Forbes of the Veterans' Bureau; Colonel C. J. Symmonds, president of the school, and Charles L. Darlington, state commander of the American Legion.

RED CROSS AID IS EXTENDED TO MANY

The Home Service section of the Allen-co chapter, American Red Cross, cared for 135 cases during November, according to the monthly report issued Saturday. Actual services were given in 119 cases and information and advice to 17. Thirteen claims for compensation were heard and applications were filed in the Home Service office, Mrs. Irene Mills Jackson, secretary, said Saturday.

These applications by ex-service men for the \$300 bonus were executed and papers forwarded to the adjutant general of that state; six ex-service men were aided in filing out applications for certificates in lieu of discharges lost or destroyed; eight certified copies of discharges were made for ex-service men and two discharged were sent from the Home Service office to be corrected. There were 187 office interviews, 55 letters were written and five telegrams were sent in regard to claims of ex-service men for compensation, hospitalization and other requirements.

Transportation from Lima to Detroit was furnished one ex-service man and his family. Clothing, shoes and food were provided in several instances for other ex-service men needing aid. Mrs. Jackson said.

Children Cry for Fletcher's Castoria.

Why Castoria?

YEARS ago Castor Oil, Paregoric, Drops and Soothing Syrup were the remedies in common use for infants and children. Castor Oil so used seating as to be almost impossible to take and the others all containing Opium in one form or another, but so disguised as to make them pleasant to the taste, yet really to stupefy the child and give the appearance of relief from pain.

It required years of research to find a purely vegetable combination that would take the place of these disagreeable, unpleasant and vicious remedies that from habit had become almost universal. This was the mission of Dr. J. C. Fitch, and the result was the introduction of Fletcher's Castoria, and over 30 years it has proven its worth, received the praise of Physicians everywhere and become a household word among mothers.

A remedy ESPECIALLY prepared for Infants and Children and a mother would think of giving to her baby a remedy that the would use for herself, without consulting a physician.

Children Cry for Fletcher's Castoria.

SATURDAY SEES CLIMAX OF "SHOP EARLY" PLAN

Saturday witnessed the biggest single shopping day of the Shop Early Christmas campaign.

Hundreds of people from outside the city were in Lima early in the day, participating with Lima shoppers in a gala event of holiday shopping in downtown stores.

Christmas Display Week has proven a big success. It will become a regular feature of December merchandising in Lima as a result of the satisfaction arising among both merchants and shoppers from this year's experience, it was said Saturday.

Lima merchants and shoppers have co-operated splendidly in the one big idea of getting it done early this year and the results have been more than gratifying. J. E. Morpion, secretary of the association, said Saturday.

TO OPEN NEW BUSINESS Mrs. E. Atwood, Chicago, has leased a room in the Herbst building, 117-12 N. Elizabeth-st and announces she will open a fashionable dress making establishment the coming week.

**No Matter Your Walk of Life
or Financial Circumstances---
You Cannot Afford to Overlook
This Great Offer The News
Is Making to Procure a**

\$1000 Travel Accident Insurance Policy

for Every Registered Reader of The Lima News

Every Man or Woman Resident of Ohio from 16 to 70---In or Out of Lima---Is Eligible---No Physical Examination Necessary

RICH OR POOR, financier or laborer, white or colored, no one knows when he or she may be the victim of a traffic accident. Every active person, regardless of how careful he may be, is endangered by the carelessness of others every time he walks across the street, rides on a train, street car, interurban car, taxi-cab or private conveyance.

THEREFORE, whether you already carry accident insurance or not, you cannot afford to pass by this opportunity which The News is offering, to secure a policy in the reliable 36-year-old North American Insurance Co., of Chicago, protecting you up to the sum of \$1000 for loss of life in travel accident—for the slight sum of 75 cents a year.

This Offer Is Made by The News,---Not as a 30 or 60 Day Subscription Scheme,---but as an Everyday Protection Service to its Registered Subscribers.---Old or New

No Increase in Subscription Rates

You are not asked to pay a year in advance (unless you are a mail subscriber). Simply register your intention to read The News regularly, and pay your carrier the regular subscription rates each week. This registration entitles you to secure this unusual protection for 75 cents a year. Surely every reader will quickly see the benefits of this unusual service.

Hundreds Are Registering Daily— Don't Put It Off or "Think It Over"

Within 24 hours after application you will receive your policy. R. F. Corcoran, Circulation Manager of The News, is the agent for this policy of The North

Sign the Registration Blank NOW
and Bring or Mail to The News

Whole Family May Be Insured-- Only One Subscription Necessary

Every member of the family from 16 to 70 years of age is eligible for this insurance. However, it is unnecessary for each member to be a subscriber. One subscription to a home entitles every one in that home to make application, but each must pay 75 cents for his or her policy and each must make application on separate coupon, which may be obtained at The News office.

Detailed Schedule of Indemnities

(Reprinted from Policy)

The **World American Accident Insurance Company** will pay through The Lima News the following amounts, subject to the terms of its policy, for death or injuries on a public carrier, due to the wrecking or disabling policy, while insured, or due to the wrecking or disabling of any private horse-drawn or motor-driven vehicle on which the insured was riding or driving, or while being herefrom, or from loss of life by being struck or knocked down or run over while walking or standing on a public highway:

FOR LOSS OF—	
Life (in Travel)	\$1000
Both Hands	\$1000
Both Feet	\$1000
Sight of Both Eyes	\$1000
One Hand and One Foot	\$1000
One Hand and Sight of one Eye	\$1000
One Foot and Sight of one Eye	\$1000
Either Hand	\$ 500
Either Foot	\$ 500
Sight of Either Eye	\$ 500

For disability, due to Public or Private Conveyance Accident, thirteen weeks or less, \$1000.
\$250.00 for loss of life by being struck or knocked down or run over while walking or standing on a public highway.

Identification Feature

If the insured shall by reason of injury or illness during the time his policy is in force, be physically unable to communicate with his friends, the company will, upon receipt of any message, giving his policy number, immediately transmit to the relatives or friends of the insured any information respecting him and will defray all expenses necessary to be paid by him to the company, but the company's liability therefor shall not exceed the sum of \$700.00

BURNING CORN

IOWA reports some of its farmers are selling their corn as low as 17 cents a bushel, with the average around 22 cents. Corn sold for 14 cents a bushel in 1896, but it was grown on land worth about a fifth as much as corn-bearing land of 1921.

All around, the corn raiser is in about the tightest corner of all. He has been hit terrifically by the crash in corn prices. This prevents him from becoming a normal buyer, so the corn situation reacts on all of us, a ball-and-chain on business recovery.

The American Farm Bureau Federation estimates that on Nov. 1, corn stocks totaled 3,452,000,000 bushels, not counting that stored in country mills and elevators.

This is 370,000,000 bushels more than were consumed and exported in any one year. The law of supply and demand has played havoc with prices and the prosperity of corn growers.

WITH starvation in many parts of the world, a situation arises in which middle west farmers say they must burn corn this winter because it is cheaper than coal.

Department of Agriculture says that, in heat value:

Bushel of	Ton of
Corn at	Coal at
14 cents equals	\$7.00
17 cents equals	\$8.50
20 cents equals	\$10.00
22 cents equals	\$11.00
24 cents equals	\$12.00
26 cents equals	\$13.00
30 cents equals	\$15.00
32 cents equals	\$16.00

For instance, according to this table, if the farmer cannot get more than 20 cents a bushel for his corn, it is as cheap to burn the corn for fuel as to buy coal at \$10 a ton. And so on.

SECRETARY MOHLER of the Kansas State Board of Agriculture disagrees. He believes that corn, even at present low price, cannot be used to greater advantage than in fattening livestock.

Corn, fed to hogs, is stored as food for humans. A hog, fattened on cheap corn now, will in all probability bring a satisfactory price later when it goes to market.

Burning corn for fuel keeps the coal miners idle. Burning corn for fuel holds down the nation's supply of hogs, which has decreased nearly 8,000,000 since 1918.

In some instances, burning coal as fuel may be compulsory. But, as a general proposition, it is an economic fallacy that will only increase the cost of living, curtail available supplies of food, and hinder return to normal conditions.

OUCH!

ADMIRERS of Marshal Foch presented him with a live American wildcat. The news evidently traveled to Montreal, for a French-Canadian gave Mayor Martin a black bear cub. The mayor stooped to pet it and got bitten in the leg.

This novel custom, of presenting wild beasts as a token of esteem, has interesting possibilities. Landlords should examine newly arrived crates with exceeding caution before opening them.

AS YOU LIKE IT

Pickle packers say that every true American must eat a pickle every two weeks. In that case, how's the hay market? Maybe somebody will require that we eat a bale of hay to prove our Americanism.

New York is trying to teach people to live 100 years. Let us suggest they move to Lima.

PARABLE OF OLD FIFTY-TWO

BY DR. WM. E. BARTON

ANY years ago there was a World's Fair in Buffalo. And there was a Railway that ran into Buffalo from the region toward the going down of the sun. And its officers said among themselves, Go to, let us run a train against time, and beat the World's Record for a Long Run.

And they took two fine new Locomotives that had been built to haul the Empire State Express, and they brought one of them to Chicago, and the other they placed at Collinwood, which was midway and high into Cleveland.

And the first of those fine new Locomotives left Chicago hauling a Baggage Car and a Day Coach and a Parlor Car. And in the Parlor Car were the officers of the company. And they had instruments whereby to Register Speed.

And the fine new Locomotive pulled out of Chicago and hastened toward the Sunrise. And it made good run, but when it pulled into Collinwood, it was Three Minutes under the World's Record for that distance.

And the Officers said: This will never do. The other new Locomotive must do better. And as they were starting to look

up the other new Locomotive, behold, they discovered a Broken Valve. And they said, We cannot use that Locomotive.

Then were their hearts heavy. But they said, Give us an Engine of some sort, for we must get to Buffalo.

And the Yardmaster said, Behold, we have only one Locomotive in the Yards with steam up and this is Old Fifty-Two—that years ago went off the main line and hath long been hauling Local Freight on a Branch Line.

And the Officers said, Give us anything that hath Wheels and a Boiler, for we must get on to Buffalo.

So they hooked up Old Fifty-Two. Now the Engineer of Old Fifty-Two was no longer young, but in his day he had been a Great Engineer, and he knew his Engine. And he said,

Old Girl, we will give them a Run for their Money.

Now the officers were sitting in sackcloth and ashes, when they chanced to look out of the window and behold, the Telegraph Poles went by like a Picket Fence. And they looked at their instruments and behold, they were going Sixty-Four Miles an hour.

And they began to Sit Up and Take

The Irish peace negotiations go on hopefully. One day Ulster spurns the Sinn Féin proposals and the next the Sinn Féin spurns the Ulster plans.

Lights in the cellar windows may, and may not, prove that prohibition, as predicted, is keeping more men home at night.

Spanish Cabinet wants a finger navy. Forgotten what Dewey and Schley did to its last one?

Notice. And after a time, they looked, and behold, they were going Seventy Niles an Hour.

And they became Greatly Interested.

And the fireman was sprinkling in the coal, and keeping the steam pressure just where it belonged, and behold, the train climbed up to Eighty-Four Miles an Hour.

And when they pulled into Buffalo, the telegraph instruments along the way were hot with the reports of the flight of that train.

And the World's Record for a long-distance run was broken.

Now listen unto me, all ye men who stand idly upon Life's Side Track thinking that there is no great place in life for you. Hauling freight on a Branch Line is no disgrace, but highly honorable. Yet are there men who are fooling away life on Short Hauls of Less Than Car-Load Lots who ought to get out onto Life's Main Track, and actually Get There.

I am no longer young, but I am running on the Main Line, with the Thriftful Wide Open, and the Track Clear, and I invite other men who are capable of Going Some, to back out of the Round House and undertake some job worth while and renew their Youth.

THE GREATEST ACTOR

GEORGE COHAN, back from Paris, says: "I saw Lucien Guitry for the first time. He is the greatest actor I have ever seen. I strongly advise all American actors to study this man and learn the art of NOT acting."

Guitry, master performer, is 61 years old. His art lies in always being natural, never "putting it on." An amateur tries so hard to act that he overdoes the thing; seems artificial. Most of us can apply this principle, with profit.

The business man, for instance. He could write an excellent ad, easily, if he wrote it naturally, just as he would present his sales arguments verbally to a customer. Instead, he usually "tries to write"—makes a job of it.

No task is difficult, except as dread makes it so. A task is easy or hard, depending on your mental attitude. All problems are simple. Approach them naturally, not imagining them difficult or mysterious, and you'll solve them quickly.

Success is in being natural and doing things naturally.

SETTLING DISPUTES

WHEN Germany went to war, the main thing she wanted was to complete the Berlin-to-Bagdad railroad.

Seven years elapse. The curtain rises on Act 3: Hugo Stinnes, Walter Rathenau and other big Germans visit London. It leaks out that they are arranging to complete the railroad from Berlin to Bagdad.

That's usually the way. After the war is over, both sides get together at a table and settle the original argument peacefully, just as they could have done in the first place.

No wonder the late B. L. T. referred to us as "the so-called human race."

FEEDING THE STARVING

BY Christmas, the American Relief Administration will be feeding at least 1,000,000 starving Russian children. The number already has passed the 700,000 mark.

Aside from the humanitarian aspect, which cannot be figured in money, there is a selfish gain in this, tho it is sought unselfishly.

The gain? We are making, for the next generation, friends of at least 1,000,000 Russian families. Work like that is a powerful agent of peace.

CHORUS GIRLS

MUSICAL shows in Paris are much the same as they always have been, except that the choruses are now made up mostly of American and English girls, says George Cohan.

Feminine beauty is about the only thing on the American stage that is worth exporting. Not much danger of the French importing our dramatic "plots."

GLANCES

If a girl's face is her fortune there's billions in a drug store.

In choosing father's present, make it as light on him as possible.

It must be great to be so rich you don't have to pay your bills.

A St. Louis man finds talking bees. We saw a spelling bee once.

Worst thing about punctures is one never stays close to a garage.

"America for Americans" is fine; "Americans for America" finer.

Dr. Fish says dying naturally is impossible. Doc must have an auto.

Vollra has made \$6,000,000 for Zion City in ten years. One of his drastic reforms must be no buttons in the contribution plate.

THE GREAT AMERICAN HOME

Are You Scrawny and Without Force

The Way to Get Heavier and Stronger

Your weight tells your condition. Are you losing or are you gaining? If you want to put on solid, permanent flesh and fill your system with more force and energy, you should try a little DR. CAREY'S MEDIC-YEEST with your meals.

DR. CAREY'S MEDIC-YEEST enters into what you eat, adds your digestion and gives your body that healthy, strong energy and nourishing elements in the Vitamins. These are destroyed in the process of cooking many of the ordinary foods.

If you are thin, too light for your height, weak and tired, if you are forever catching cold, you will find it worth while to try this simple experiment—First measure and weigh yourself, then take DR. CAREY'S MEDIC-YEEST TABLETS, two of them with each meal. At the end of a week, measure and weigh yourself, and continue to take DR. CAREY'S MEDIC-YEEST until you have gained all the weight you want.

It is not a matter of heaving or pushing as to what it does for you—the mirror, the scales and tape measure will tell the story that cannot be disputed.

DR. CAREY'S MEDIC-YEEST TABLETS will positively form more solid flesh and increase energy when taken with every meal. DR. CAREY'S MEDIC-YEEST should not be used by anyone who is opposed to acquiring normal weight.

DR. CAREY'S MEDIC-YEEST is fully guaranteed by the makers. Always insist on having the genuine DR. CAREY'S MEDIC-YEEST. It is sold by all drug stores, Thompson's 2 Drug Stores, Mykantz Co., Main and North-sts., corner of Main and North-sts., corner of Main and North-sts., corner of Main and North-sts.

DR. CAREY'S MEDIC-YEEST can quickly procure it for you from his factory—there is nothing else like it.

First Reformed church, T. W. Hoerneman, pastor. Sunday school Fred W. Zeits, Supt. 9 a. m. Morning worship, 10:55 a. m. Observance of Lord's Supper. Christian Endeavor at 6:30 p. m. Mid-week Bible study, Thursday 7:30.

Rev. John Keely will preach in the Alstetter chapel Sunday afternoon at 2 o'clock, filling Rev. C. H. Eckhardt's appointment.

HOW WOMEN OF MIDDLE AGE

May Escape the Dreaded Sufferings of that Period by Taking Mrs. Block's Advice

Hopkins, Minn.—"During Change of Life I had hot flashes and suffered for two years. I saw Lydia E. Pinkham's Vegetable Compound advertised in the paper and got good results from taking it. I recommend my medicine to my friends and you may publish this fact as a testimonial." Mrs. Rosemary Block, Box 642, Hopkins, Minn.

It has been said that not one woman in a thousand passes this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms. Those dreadful hot flashes, sinking spells, spots before the eyes, dizzy spells, nervousness, are only a few of the symptoms. Every woman at this age should profit by Mrs. Block's experience and try Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co., Lynn, Mass., about your health. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Enjoy your Chicago visit at the MORRISON HOTEL and the TERRACE GARDEN CHICAGO'S WONDER RESTAURANT

Going the Limit
Dr. Steeves will show Sunday evening the result of going the limit. It is the business of the church to supervise the amusements of the young people.
A young people's minister of the Gospel endorses card-playing, dancing, cigarette-smoking and drinking?
Has the world failed, has God failed, has the Church failed?

ST. ROSE HI SWAMPS SIDNEY QUINTET

St. Rose Hi swamped the Sidney quintet by a score of 40 to 15 in the St. Rose auditorium here Friday night in one of the fastest basketball encounters of the season.

The Lima team outplayed the visitors from the start of the game and had the victory clinched at the end of the first half, when the score stood 31 to 2.

Coach Bob Baker's team has shown wonderful improvement in its art of passing and his pair of forwards, Wells and Daley, make a combination of trained tossers that cover the floor with such speed that would make most any guard or pair of guards dizzy.

It is unquestionably the best team developed at St. Rose in years. The gymnasium was packed with spectators last night and the team is receiving fine support.

Before the season has ended Coach Baker will have a team that can give the best of high school teams a real battle.

For several minutes during the second half of Friday night, Baker put in his entire second squad. They showed about as much speed as the regulars.

Next Friday night St. Rose journeys to Piqua. Their next home game will not be played until December 30 when St. John's Hi of Delphos comes here.

The score and summary follows:
ST. ROSE 40
SIDNEY 15
Wells 10, Daley 10, H. Graffina 10, Ochofelse 10, Cunningham 10, Wagner 10, Runiger 10, Keeler 10, Schmiesing 10, G. Graffina 10.
Field goals: Wells, 9; Daley, 7; Cunningham, 2; Schmiesing, 1; Foul Goals, Wells 2; Ochofelse, 1.

AND HE'S BLIND

Ten blind students of Worcester College can enter fully into variety life when they go to Oxford, thanks to the training they received in the former school. That is evidenced by this youth, clearing the bar in a high jump despite his lack of sight.

THE PHONOGRAPH THAT IS 100% MADE AT ITS OWN FACTORY—BRUNSWICK.
THE MAUS PIANO CO.

SOUTH HI DEFEATS WAYNESFIELD, 30-4

Waynesfield Hi fell a victim Friday night, to Coach Ward Young's South Hi basketball quintet when they were defeated by a score of 30 to 4.

It was a practice game to get the South squad in shape for the harder games that are scheduled to start next Friday night when St. Marys journeys here.

South's guards proved the undoing of the visitors who were unable to make a single field goal. Their four points were obtained by caging free throws for fouls called on the Lima players.

The locals started the scoring in the first minute of play and long shots from the floor went thru the basket with such rapidity that the Waynesfield boys were bewildered.

The little gymnasium at South was packed with spectators.

Following is the line-up and summary:

South—Hayman (Captain), right forward; Emans, left forward; Winegardner, center; Tanaff, right guard; Williams, left guard.

Waynesfield—McCormick, right forward; Hiatt, left forward; Flinn, center; Helleman, right guard; Bowdell (Captain), left guard.

Summary: Field Goals—Haman 2; Emans 3; Winegardner 2; Williams 1; Fisher 2; Thomas 1; James 2; Hawke 1. Foul goals—Haman 2; Hiatt 4. Substitutions—Fisher for Haman, Thomas for Emans, Berger for Winegardner, James for Tanaff, Lawrence for Williams, Hawke for Thomas, E. Poppel for McCormick, Moyer for Hiatt, F. Poppel for Flinn, Conrad for Helleman.

THE STRONGEST LINEUP THAT COULD BE mustered by either team was slated to start the game and both coaches had ample reserves to continue at near the maximum strength thruout the game.

Big Ten Is Meeting In Chi Today

CHICAGO—The annual meeting of the Western Conference athletic directors, and coaches in the various college sports, opened here today with formulation of the 1922 schedules being given paramount consideration.

Few changes are expected in the football schedules of the eleven which finished at the top of the percentage column last fall. Iowa, the 1921 champion, is seeking games with stronger teams, and former opponents of Minnesota are talking over the arrangement of games with the Gophers earlier in the season.

For the last three years Minnesota teams have made a showing which has been disappointing to their followers.

CHICAGO CHANCES
Chicago and Ohio State, it is indicated, may have virtually the same schedule as last year and few changes are expected in the Wisconsin series.

Notre Dame is here looking for conference games, but no indication has been made of the teams they will offer to play.

An Ohio-Wisconsin contest is still improbable, according to reports, as their differences have been straightened out.

WANT TO PLAY
Iowa hopes to arrange contests with Chicago and Illinois and still maintain the schedule so that the team can go east to play Yale October 14. Chicago has under consideration the request of Princeton to play the intercollegiate game here next year a week later than it was played this season.

YACHT MEETING

CLEVELAND—The Interlake Yachting Association held its annual meeting here today. Among the important topics programmed for discussion were the proposed international race between Canadian and United States class R boats and the building of a boat house on a site donated by the Put-in-Bay Yacht Club.

Governors Davis of Ohio, Crossbeck of Michigan and Sprout of Pennsylvania have been invited to attend.

THEATRES

AT THE SIGMA
Honore Balzac's novel "Engenie Grandet," forms the basis for Rex Ingram's production "The Conquering Power," appearing for the final times today at the Sigma theatre.
Alice Terry (Mrs. Rex Ingram), and Rudolph Valentino, are the leading characters.

AT THE FAUROT
Last times today, the Faurot presents "The Sheik," from the well-known novel by Edith M. Hull. Agnes Ayres and Rudolph Valentino are co-starred. Also added features.

AT THE ORPHEUM
Harvey D. Orr's "The Million Dollar Doll" at the Orpheum today, present "Some Baby," a musical offering interspersed with comedy. Change of program on Sunday, matinee.

AT THE LYRIC
Norma Talmage and Eugene O'Brien have the stellar roles in "Poppy," from the story by Cynthia Stockley, appearing for the last times today at the Lyric theatre.

AT THE MAJESTIC
"It Isn't Being Done This Season" starring Corinne Griffith, terminates its engagement today at the Majestic theatre.

YOUR OLD PHONOGRAPH CAN BE EXCHANGED ON A NEW BRUNSWICK.
THE MAUS PIANO CO.

Cold and Stormy

It will make a big difference whether you are dressed in warm clothing or thinly clad when the cold winds blow, and it is comforting to know there are some heaters ready when wintry blasts come.

There is also a lot of comfort in having a reserve fund in a savings account drawing five per cent interest until it is needed.

The Allen County Savings & Loan Company encourages even small deposits as low as one dollar, on savings accounts, and the same rate of interest is paid whether the amount be large or small.

In the Savings Building corner Market and Elizabeth Streets.

TO STOP COUGHING AT NIGHT
When anyone is suffering from a bronchial affliction or has a cough that lingers on and grows worse at night, the loss of sleep tends to weaken the sufferer and grows more serious the longer it is neglected. Mrs. M. Suter, 67 Longbrook Ave., Stratford, Conn., writes: "Folex's Honey and Tar has given me great relief from a severe attack of bronchitis. No medicine stands higher throughout the nation as a family remedy for colds, coughs and croup." Chas. J. Vorkamp, Main and Jackson-sts., Adv.

Sheet Metal Receives Big Order From Vapo Stove Company

LIMA LOCOMOTIVE DEMAND

Local Oils Inactive—Stock Market Resume

Local Stocks Marking Time.

Sheet Metal Receiving Large Order From Vapo Stove Company.

Lima Locomotive Common in Demand.

The Lima Sheet Metal Products Company received during the week an order from The Vapo Stove Company for 1,000 sheet metal stoves.

The Vapo Stove Company owns the patents on the Vapo Stove and is developing all of its time and attention to the sale of its product, assembling the stoves in its new plant on E. Wayne-st.

The United States Truck Company also gave the Lima Sheet Metal Products company an order for 110 sets of sheet metal parts for their trucks.

Lima Locomotive common stock was in fair demand and several odd lots of the preferred stock sold at 98 to 99 1/2.

Lima Telephone common was wanted at par, but no sales were reported.

Local Oils were slightly off, while no trades were reported in Bank Stocks.

UNION'S KNUCKLE GIVEN RAP

Certain Rail Workers Overreach and Halt is Called

END PUT TO "FOOLISH" RULES

Forbes Comments on Recent Decision of Labor Board

(By B. C. FORBES)

NEW YORK — (Special) — When we overreach we usually get tumbled over the knuckles; is it not so?

Certain railway labor leaders went too far in forcing upon the railroads, and consequently upon the rest of us who have to foot the bills, working conditions which made it impossible to run things economically.

Even labor's own representatives on the Railroad Labor Board endorse the important modifications just announced.

The ludicrousness of some of the rules fostered upon the railroads, over the protest of the railroad operators, during government control was exposed sometime ago in this column. One illustration given was this:

"A machinist's helper or any handy man used to put in a nozzle before the war. Today to do this simple bit of work on a locomotive it is necessary to:

"1—Call a boilermaker and his helper to open the door, because that is a boilermaker's work.

"2—Call a pipeman and his helper to remove the tip, because that is a pipeman's work; and

"3—Call a machinist and his helper to remove the tip, because that is a machinist's work.

"The same three forces must be employed to put in the new tip."

It was inevitable that such foolishness should be done away with on the return to sanity and sober times. The changes just announced are designed, among other things, to cover just such cases. Also, they will stop the enforced employing of highly-paid skilled mechanics to do work capable of being done by unskilled workers, a practice short-sightedly fostered upon the roads while out of the hands of the practical managers who have to make ends meet.

During the period of political running of the railroads, certain labor leaders contributed to maneuver things so that employees not identified with unions were not represented by union men, but by union leaders. The railway managements, as well as the non-union employees, regarded this as a blow at the "open shop," a blow countenanced by government authorities.

Now every member of the Railroad Labor Board including the labor members, have voted against the continuance of such an arrangement. Hereafter non-union railway employees will be permitted to choose men from among themselves to represent them when taking matters before managers of the roads.

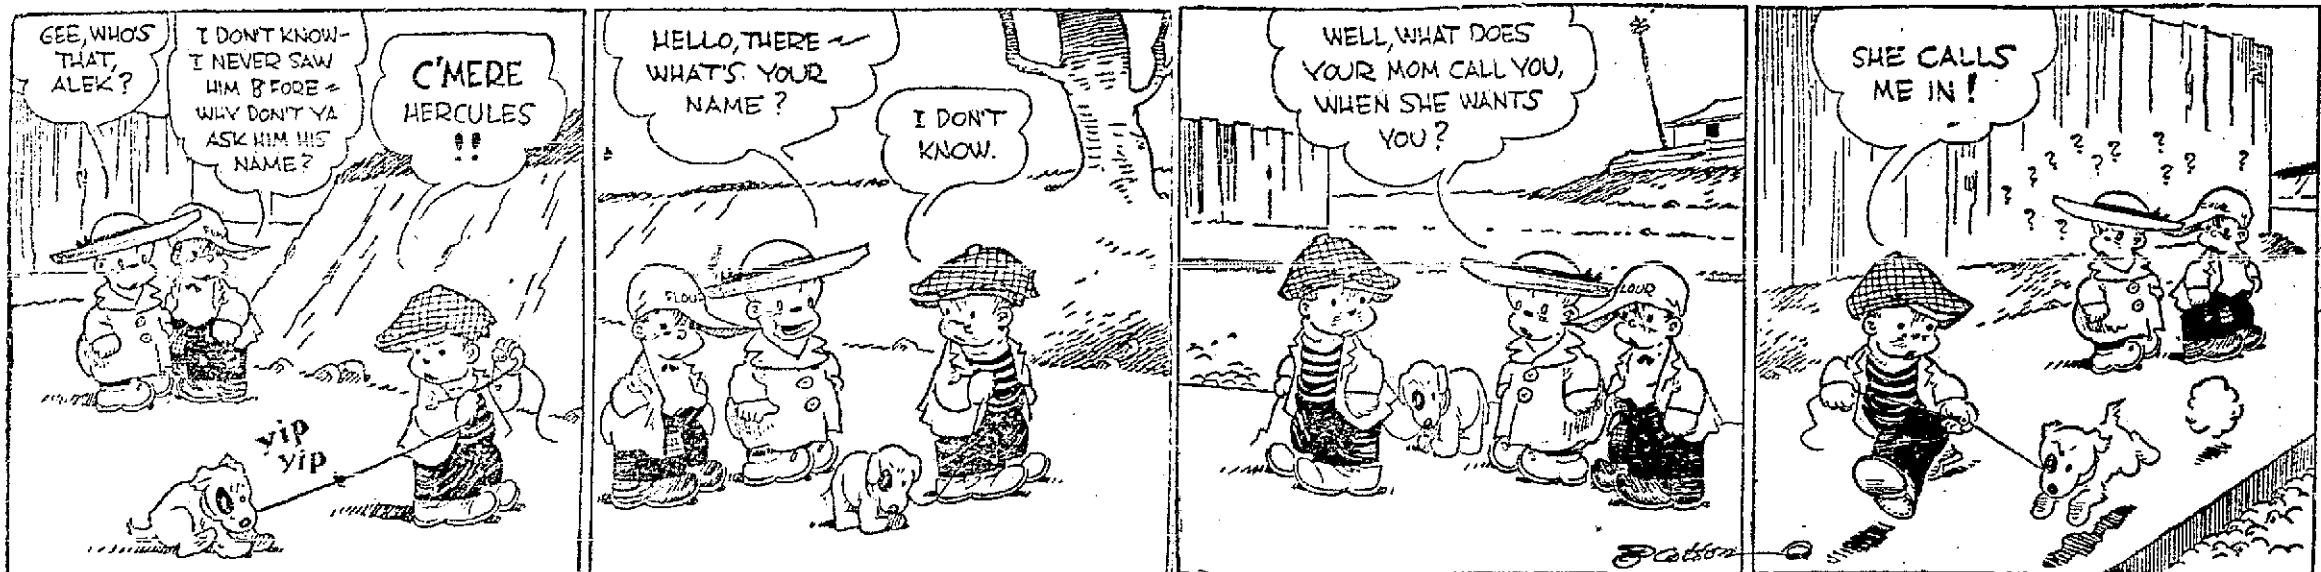

The groups of workers affected by the new rulings are the Carmen, Sheet Metal Workers, Machinists,
